Ike, Adenauer Will Confer in Hospital
GOP Senators Support Plea for More Aid

Backing Is Urged for Peace Role
George Is Leader To Restore Slice

Washington, June 13 (AP)—Ten Republican senators rallied today behind President Eisenhower's sickbed plea for more foreign aid money, appealing to their colleagues to uphold what they called his "staunch leadership for peace."

They took their stand in a joint statement a few hours before the Senate Foreign Relations Committee was scheduled to begin work behind closed doors on a House-passed \$3,800,000,000 foreign aid bill. This measure is \$1,104,000,000 smaller than Eisenhower asked for economic and military assistance to free nations.

COMMITTEE Chairman George (D-Ga.) led in a move aimed at increasing the House total by 500 millions. Senate sources said passage of this proposal would be "difficult, but possible."

With Sen. H. Alexander Smith (R-N. J.), a senior member of the committee, already committed to fight for restoration of at least part of the House cuts. The 10 other Republicans voiced this admonition:

"If we waver in our leadership, uncertainty and doubt among other nations can only lead to a drift that will endanger us all. Let us not throw away the best weapons we have against communism. This is the time above all to hold the staunch leadership for peace which the President represents for all the world."

THE SIGNERS were Sens. Clifford Case (N.J.), Allott (Colo.), Bender (Ohio), Duff (Pa.), Bush (Conn.), Flanders (Vt.), Ives (N.Y.), Kuchel (Calif.), Payne (Me.), and Purtell (Conn.).

Senate leaders who participated in a White House conference on the issue yesterday said the administration would settle for 600 millions above the House figure.

However, George's advocacy of a 500 million increase appeared to peg that figure as the top possibility. George has been the Democrats' chief congressional spokesman on foreign policy.

THE AID authorization measure may reach the Senate floor next week.

Chairman Russell (D-Ga.) of the Senate Armed Services Committee has proposed a reduction of one billion dollars below the House total. Several other Senators also have come out for deep cuts, rather than boosts, in the House figure.

THE STATEMENT of the 10 Eisenhower supporters said the Senate is facing "a fateful decision."

"However heavy the (aid) expense may seem, it is nonetheless infinitely cheaper than the cost of waging war," they asserted. "A cut in mutual security funds does not mean that money will be saved. NATO is still our first line of defense against an onslaught across Europe. We will have to spend several times the amount just to keep up the same level of defense. And clearly we dare not let down our defenses at this new and critical stage in world affairs."

HOLDS PAPERS SIGNED BY IKE—White House Press Secretary James Hagerty displays the three documents signed by President Eisenhower in his Walter Reed Hospital suite in Washington. The documents are an executive order approving a new flag for the U. S. Army; an emergency allocation of \$50,000 for flood relief in Colorado; and the International Wheat Agreement for 1956.

Hoover Plan Lag Costs Ulster Co. \$2.5 Millions

New York, June 13 (Special)—Lack of vigorous action, economy-wise, on the part of Congress and the Administration is costing families in Ulster county an estimated \$2,500,000 a year in needless taxes.

The figure is based on the local level of income, on previous tax payments and on a report prepared by the U. S. Chamber of Commerce to show the financial savings that would result from application of the Hoover Commission proposals.

A growing feeling is apparent in the average citizen that he is being deprived of something. He has heard and read of the work of the Hoover Commission, which labored objectively for two years to determine what improvements, if any, could be made in the functioning of Federal bureaus and activities.

Still Selecting Jury in Robbery

Selecting a jury in a first degree robbery case continued today before Ulster County Judge Louis G. Bruhn. Only five had been seated prior to adjournment Monday.

Sanford Joel Meyers, 22, of Phillipsport, married and the father of two children, is charged with having held up Mrs. Schoenbrun with a gun at the C & S Bakery, Ellenville, last November. He allegedly took \$70.

Meyers, a caretaker at the time for the Pearlman bungalow colony at Spring Glen, told police after his arrest that he threw the gun and clothing into the lake there. It has not been recovered.

Attorneys Charles Saccoman and William A. Kelly are defense lawyers.

Excavation Cave-in Takes Lives of Six Youngsters

New York, June 13 (AP)—Dist. Atty. Edward S. Silver and police today resumed their investigations of a Brooklyn cave-in which took the lives of six small children.

They sought to determine whether negligence was involved—primarily whether a watchman had been posted to keep neighborhood children out of a block-square excavation where the tragedy occurred.

Silver questioned a score of persons last night and called more in for examination today.

Silver said he also wanted to make a close study of the laws relating to negligence. He indicated he may later take a grand jury to the cave-in site as a part of the investigation.

The huge excavation was an inviting spot for cops-and-robbers games for children in the teeming Williamsburg section—a district of aging, closely-packed tenements.

Four boys and two girls were smothered and crushed to death at supper time last night as a wall of sandy earth swept down on a group of children playing in the excavation.

Nine youngsters apparently were digging a tunnel in the soft sand at the foot of the 30-foot wall of the excavation, which was for a highway underpass.

Eleven-year-old Marie Stanikunas had been sent to call her brother and sister home for supper. She saw them in the hole.

(Continued on Page 22, Col. 5)

State Has Ulster On Planning List

Urban planning for the town of Ulster now has state backing an Albany report said today.

The township was among "six communities" listed on a state-approved program submitted to the Federal Housing and Home Finance Agency.

Hearing on Train Service Slated Monday Morning

Mayor Frederick H. Stang today asked that persons interested in the hearing on proposed discontinuance of passenger trains on the West Shore railroad, cooperate with officials in presenting their views or arguments.

LATER COOPERATION is still possible, it was indicated today, if the city decides upon a similar program.

The five state-approved communities, besides the town of Ulster, are Catskill, Peekskill, Sloatsburg, Oneida and Oswego.

The Commerce Department said the six communities had been selected for state approval because they were expanding rapidly or had "other specific problems that demand immediate action."

THE HEARING opens Monday at 10 a. m. and is due to continue through June 20th before the New York State Public Service Commission at the court house.

Mayor Stang asks that persons interested in presenting definite statements or arguments on the proposed discontinuance of the trains, contact Corporation Counsel James J. Abernethy.

IT WAS NOTED recently that the city stands to lose proportionately in railroad express and mail service, if it loses substantially in passenger train service.

The corporation counsel, who received notice of the hearing last month said: "We should like to have the reaction of those residents of the city, who use this passenger service, and other who are interested in its continued operation or its discontinuance."

THE RAILROAD lost in a recent move to have all passenger train service discontinued on the New Jersey-Rockland county end of the line. Trains there were largely on commuter service. The New Jersey Public Utility Commission granted a substantial cut in service there, but ruled against removal of all passenger trains.

The West Shore line, as it now serves Kingston, has a daily schedule of four trains providing passenger service from here to Weehawken and four scheduled (Continued on Page 6, Col. 5)

IBM Chorus Will Sing on June 30 For Dedication

The IBM Kingston Mixed Chorus will participate in the entertainment program during the dedication of International Business Machines Corporation Kingston Plant on Saturday, June 30. The program will begin at 1 p. m.

This will be the third public program presented by the chorus. The group conducted its first concert May 26 in Kingston High School Auditorium and sang Christmas carols during a half-hour broadcast on Christmas Day.

The Mixed Chorus, directed by Robert Van Valkenburgh, is composed of 24 IBM Kingston employees, many of whom have had formal training. Members are: Soprano section—Dayle A. Auchmoody, Carmela J. Petrizzo, Patricia E. Ralston, Ruth L. Vermilyea and Geraldine A. Disbrow.

Alto section—Emily C. Flow (Continued on Page 15, Col. 1)

Mayor Proclaims Flag Day, Asks All to Fly Old Glory

Mayor Frederick H. Stang today issued a proclamation urging all citizens to observe Thursday as Flag Day.

The official document called for all homes and places of business to fly the American Flag tomorrow, and asked participation in the special ceremonies at Academy Ground scheduled for 8 p. m.

A committee from Kingston Lodge 150, BPO Elks, is arranging the program.

The mayor also took cognizance of a message from the Junior Committee of the Daughters of the American Revolution urging patriotic observance of Flag Day.

In his proclamation, the mayor said, "I ask Divine guidance for our leaders to keep our Flag always flying proudly with a lasting, true and honorable peace in the world."

HONOR FOSTER PARENTS OF 38—Gov. Robert B. Meyner, center, presents silver tray June 12 to Mr. and Mrs. William Yates, of Old Bridge, N. J., in ceremony at Trenton. The couple raised 38 foster daughters in 25 years.

THE ATMOSPHERE WAS INFORMAL—Chancellor Adenauer of West Germany holds a typewritten paper as he poses with Secretary of State Dulles during a visit to the U. S. State Department June 12. During visit, Adenauer held informal discussions with Dulles and other department officials. (AP Wirephoto)

Chamber Opposes Cut In Passenger Service

Several important actions were taken at the meeting of the board of directors of the Kingston Area Chamber of Commerce last night at the Wiltwyck Country Club.

President George J. Silkworth presided at this well attended meeting which followed a dinner in the clubhouse.

A statement opposing elimination of passenger service on the West Shore Division of the New York Central Railroad was adopted for presentation at the hearing to be held here on June 20 and conducted by the Public Service Commission.

A sum of \$400 was appropriated at the request of the retail merchants committee to promote August Sale Days.

The program of work for the fiscal year of 1956-57 was adopted. Copies of this program are available at the Chamber office in the Governor Clinton Hotel building.

Eighty-seven new membership applications were presented and approved. In addition, five of the new type of non-voting, sustaining form of membership at \$250 each were reported.

The directors also set aside \$100 for the use of the new Safety Committee which will be used to purchase safety promotional material.

William E. Rylance, chairman of a special office improvement committee, reported that two new desks, two chairs and a new typewriter have been purchased. (Continued on Page 15, Col. 2)

County Receives \$211,470 in Tax From Vehicles

Ulster county will receive \$211,470.25 as its share of motor vehicle tax receipts for the three months ending March 31, 1956, it was announced today by Arthur Levitt, state comptroller.

Comptroller Levitt announced the distribution of \$13,553,620.87 of motor vehicle tax receipts to the 57 counties outside New York city.

The total is the share of state-collected motor vehicle fees for the three-month period which is being returned to the counties in accordance with the state highway law.

The amount of this tax distributed for the same quarter of 1955 was \$11,943,054.78.

The law provides that 25 per cent of the fees collected under the vehicle and traffic law, exclusive of application fees and service charge for special plates, from residents of a county outside New York city be returned to local government.

The money is deposited in county road funds, from which expenditures for construction and maintenance of county road systems are made. Checks are being mailed to the county fiscal officers.

Washington, June 13 (AP)—Revised cost estimates indicated today the advance price tag on a proposed interstate highway system may prove to be too low.

Unofficial estimates sent to the bureau of public roads and forwarded to the Senate public works committee indicated an average 18 per cent increase in the cost of the key 40,000-mile system, based on reports from six states.

If this average boost is maintained in new data from all 48 states, the full cost of the interstate system would be about 32 billion dollars instead of the 27 billion on which Congress has been figuring. The federal government would pay about 25 billions of the cost of the interstate network under bills passed by both Senate and House.

Atomic Power Waste May Prove Greater Danger to Humans Than War Radiation

Washington, June 13 (AP)—Accumulated waste from industrial plants in the coming atomic power age may contain more latent, lethal radioactivity than would be turned loose in a nuclear war.

This is one of the conclusions of the National Academy of Sciences after a year-long study of radiation dangers from all sources—nuclear weapon testing, atomic power production, medical uses.

At one point, the report forecast that when an atomic power industry has been developed on a worldwide basis, the accumulation of its radioactive waste products "may represent more radiation than would be released in an atomic war."

The scientists said in a 62,000-word report and a news conference that steps should be taken now to guard man against radiation danger from all sources.

They suggested keeping a "radiological history" of each individual—a continuing record of the amount of exposure to radiation from x-ray pictures, medical treatment, in laboratories or power plants, and from fall-out as the result of bomb tests.

Dr. Warren Weaver, chairman of the academy's genetics committee, said he thinks people are spending unnecessarily too much of the slight tolerance to radiation which nature allows them. He called "stupid" the use of x-ray for fitting shoes and spoke out against x-ray snapshots of infants "just so the mother can see the skeleton of her baby is beautifully formed."

Genetics was a subject for major attention in the report. Over-exposure to radiation by the parents can cause mutation of children born to them or their descendants, it said.

The scientists worked out this table on radiation exposure: Up to 30 years of age, accumulated radiation on the reproductive organs should not exceed 10 roentgens (a roentgen is a measurement of radiation. An arduous (Continued on Page 15, Col. 1)

President Has Heavy Schedule

Talks 25 Minutes With Key Aides

Washington, June 13 (AP)—President Eisenhower took up a considerable amount of official work today although suffering discomfort in the wake of his emergency operation.

Eisenhower held a 25 minute meeting with key White House staff members, signed 27 bills and other official documents. He also arranged to meet tomorrow in his Walter Reed Hospital room with West German Chancellor Konrad Adenauer.

AN AIDE SAID Eisenhower "looked and sounded quite chipper" did some personal dictating to his secretary, Mrs. Ann Whitman. This included a message of thanks to Mexican President Ruiz Cortines, who telephoned good wishes to the President earlier in the week.

"We did a lot of work this morning," White House Press Secretary James C. Hagerty said. He spoke to a news conference about an hour before the lunch time medical bulletin was scheduled to be issued.

The 8 a. m. (EDT) medical report said the President spent a fairly comfortable night and that his blood pressure and other physical symptoms were about what could be expected at this stage of recovery from an intestinal operation such as the President underwent last Saturday.

THE BILLS SIGNED by the President ranged from a \$424,624,100 appropriation for the Interior Department to private relief bills and other minor measures such as the transfer of a few acres of land in Muskogee, Okla.

In all, Eisenhower signed into law eight bills plus other measures. These included three agreements with other countries—Great Britain, New Zealand and the Dominican Republic—relating to the civil uses of atomic energy.

HE SENT Congress a long list of nominations in the Public Health Service, Coast Guard and Marine Corps, and he signed letters approving the elevation to the rank of Minister for Outerbridge Horsey, deputy chief of Mission in the American Embassy at Tokyo.

Finally, Eisenhower signed four messages to various private organizations and affixed his signature to two letters "to Congress, one each to the Senate and the House reporting on trade fairs held during 1956."

Hagerty described the President's bill signing and other paper work today as "about normal." He added, however, that a few matters necessarily have accumulated during the President's five days in the hospital.

Hagerty said Eisenhower himself made the decision to receive Adenauer at 10 a. m. (EDT) tomorrow. The press secretary said no time limit has been set for Adenauer's visit but noted that the German leader, who will be accompanied by Secretary of State Dulles, is paying only a courtesy call.

HAGERTY SHOWED considerable irritation at reporters' (Continued on Page 22, Col. 4)

**Dewey Says Now No Time to Cut U. S. Foreign Aid**

Lorton, Va., June 13 (AP)—Thomas E. Dewey yesterday added his voice to administration pleas in behalf of its foreign aid program, now under fire in Congress.

The former New York governor said now is "no time to abandon or weaken our foreign aid program at the very time it is achieving the highest success of all—the attempt by the Communists at imitation."

Dewey spoke at Gunston Hall, historic home of George Mason, in ceremonies marking the 180th anniversary of Mason's Virginia Declaration of Rights. This formed the basis of the federal Constitution's Bill of Rights.

Discussing the Russian "imitation" of U. S. foreign aid projects, Dewey said "this is a struggle we cannot afford to lose... the peoples of the undeveloped nations of the world are going to rise steadily... for our own preservation we need them as friends."

He said the Soviets "are offering aid of one kind or another to nations all over Asia," but these "are made without responsibility and solely for political effect," adding:

"In contrast, our aid is genuinely for the purpose of fostering in these nations their own declaration of rights, both economic and political."

"The question," he continued "is whether these new nations (of Asia and Africa) will have government capitalism and ultimately communism, or whether they will have a people's capitalism and freedom. The answer to the question is largely in the hands of a few free nations."

Buffalo Raises Salaries

Buffalo, N. Y., June 13 (AP)—The City Council here has approved wage increases totaling 2,200,000 dollars for city employees, including top appointive officials and City Court judges. At a meeting yesterday the council passed 14-1 Mayor Steven Pankow's salary program, providing wage increases from 500 dollars to 3,000 dollars a year. The opposing vote was cast by a member of the Democratic majority.

Five Koreans Killed

Seoul, South Korea, June 13 (AP)—Five Korean officers were killed yesterday in the South Korean air force's fourth crash in two days. The air force said two majors, a lieutenant and two captains died when their light liaison plane crashed into a hill a mile and a half north of Osan Air Base. The air force blamed the crash on engine trouble. Three other planes crashed Monday and Tuesday with no loss of life.

Mr. and Mrs. George Graf and their son-in-law and daughter, Mr. and Mrs. William Rogers of Johnstown, called on their aunt, Mrs. Thomas Yarrow and cousin,

ELLENVILLE NEWS

Ellenville, June 12—Two members of the faculty of the Ellenville Schools were awarded professional diplomas by Teachers College, Columbia University, at commencement exercises June 5. They are Vincent P. Gillien, who received a diploma for completion of two years graduate, professional study in the field of general administration and Mrs. Phyllis Renson, for completion of two years of graduate, professional study in the field of curriculum and teaching.

A reception was held Sunday afternoon, June 3, at the home of Mrs. Edwin Hoar, Sr. in honor of the 80th wedding anniversary of Mr. and Mrs. Frank J. Campbell. The couple left this week with their daughter, Dr. Helen Campbell, of Suffern, for a two weeks trip to Atlantic City.

The Rev. Robert C. W. Ward, rector of St. John's Memorial Church, Ellenville, for almost two years, has accepted a position at a school and church in Michigan, and will leave his charge here at the end of July. Vestrymen of the church were given the information at the close of the service Sunday, June 3, by Archdeacon Bracht of the Diocese of New York. The Rev. and Mrs. Ward presently are vacationing in England.

Miss Nancy Spoor, daughter of the Rev. and Mrs. Ralph E. Spoor, Jr., has been ill this past week.

Simon Semp opened a fish market June 2 in the Rudd Building on Canal street. He was formerly employed by Abe Levine.

Nial Moshier who has been a patient at Veterans Memorial Hospital for about two weeks, has returned to his home on Warren street.

John Armo, who has spent the winter at Miami Beach, Fla., has returned to Herman's Barber shop for the summer.

Miss Beatrice Elkin, who is a sophomore at Syracuse University, is spending the summer with her parents, Mr. and Mrs. Amel Elkin on Phyllis Drive. William Duggan of New York city, a former resident of Ellenville, was in town over Memorial Day weekend, and took part in the parade.

Miss Ethel Chandler spent a week with friends in Brooklyn. Mr. and Mrs. Bruce Norton, of Jamaica Estates, L. I., spent a few days last week at their summer home at Cragmoor.

Miss Adelaide Ruggiero has completed her junior year at Georgian Court College, Lakewood, N. J., and returned to the home of her parents, Dr. and Anthony Ruggiero, for the summer.

William Patmore celebrated his 83rd birthday Tuesday of last week at his home on Circle avenue.

Mr. and Mrs. George Graf and their son-in-law and daughter, Mr. and Mrs. William Rogers of Johnstown, called on their aunt, Mrs. Thomas Yarrow and cousin,

Miss Grace Yarrow, on Memorial Day.

Mrs. Grover Sharpy is ill at her home on Warren street.

Ronald Matthews has completed his freshman year at Albany School of Pharmacy. He is the son of Mr. and Mrs. Clyde L. Matthews.

Several scouts of Troop No. 28 enjoyed a weekend camping trip at Camp Tri-Mount in the Catskills. The camp is owned by the Rip Van Winkle Council, embodying Ulster and Greene counties.

Mr. and Mrs. Arthur Terwilliger and family of Albany, spent the weekend in town with relatives.

Edward Boos, of Bridgeport, Conn., visited his mother, Mrs. Katherine Boos over the weekend.

Gerald Brown of Walden, called on his father, James Brown, and his brother, Garry Brown, Sunday.

Mr. and Mrs. John Ludlow, Sr., expect to leave for Philadelphia, Pa., where they will visit with her uncle, Bill Cooper, who is ill at Nazareth Hospital.

Mr. and Mrs. Joseph Meyers, of New Paltz, were guests of the latter's parents, Mr. and Mrs. Alfred Roberts Sunday.

Joseph Rampe, son of Mr. and Mrs. Clifford Rampe, is spending two weeks vacation in Richmond and Staunton, Va.

Mr. and Mrs. John McDole, accompanied by Mrs. Betty Goldman of Mettacaohis spent Tuesday in Kingston. They were super guests of Mr. and Mrs. James Jackson.

Herbert Lepke, Jr., Richard Exner and Oscar Sherman spent last week at Tupper Lake, fishing.

On Thursday of last week Mr. and Mrs. John McDole visited Mr. and Mrs. Jake Schmitt in New Hampton. They and Mrs. Schmitt called on Mr. and Mrs. H. R. Hoops in Slate Hill.

Mr. and Mrs. Walter Griswold and son Graham Scott, will enjoy a motor trip to northern New York State Friday. Upon their return they will be accompanied by Miss Martha Graham who will spend her summer vacation with her aunt, Miss Ella V. Graham.

Mr. and Mrs. John Hopkins, of Florida were in town last week.

Miss Bertie Lefkowitz of New York city spent the weekend with her parents in Spring Glen.

Mrs. George F. Andrews has returned home from Veterans Memorial Hospital where she was a patient for about a week.

Mr. and Mrs. Ernest Moshier, of Middletown, visited his brother, Nial Moshier at Veterans Memorial Hospital Memorial Day.

Leaving Elmira Area

Elmira, N. Y., June 13 (AP)—The Nylco Corp., employing about 100 persons, will move from nearby Elmira Heights to a plant under construction at Paramus, N. J. The company announced the transfer yesterday and said the move would be completed by October. The plant, opened here in 1950, makes self-locking fasteners for the automotive and aircraft industries.

Hoffa Is Subpoenaed

New York, June 13 (AP)—James R. Hoffa of Detroit, a vice president of the International Brotherhood of Teamsters, has been subpoenaed to appear as a witness before a racket-probing federal grand jury here. The grand jury is investigating racketeering in trucking and the garment and food industries in the New York area.

Two Circuses Find TV Hard on Them

Macon, Ga., June 13 (AP)—Two of the nation's traveling circuses appeared near the end of the road today, apparently because people prefer to stay at home and watch television.

Famed animal trainer Clyde Beatty, who has been in the circus business 33 of his 52 years, explained that circus attendance has been falling off steadily since 1952. He blamed TV, on which he himself sometimes performs.

THE DAREDEVIL circus performer testified yesterday at voluntary bankruptcy proceedings for the National Circus Corp., operator of his three-ring circus which folded in Burbank, Calif., last month.

A petition of Beatty's Circus Corporation, which operated under lease agreement with Monarch Circus Equipment Co., Inc., said it owed \$357,388 and had only about \$260 in the bank. Equipment is stored at Deming, N. M., current winter quarters. The circus used to winter in Macon.

Referee E. P. Johnston appointed Durdard B. Mercer, Macon attorney, trustee for National Circus Corp.

IMMEDIATELY afterwards a hearing was held on an involuntary bankruptcy petition filed in U. S. District Court against another of the few remaining circuses, King Brothers.

Arnold F. Maley, co-partner with Floyd King, testified that inventory property of the circus was valued at \$300,000 which would yield only about \$30,000 at a forced sale. Maley said if the circus was allowed to operate the remainder of the season he could pay \$50,000 to debtors.

Johnston continued the hearing until Tuesday and ordered Floyd King to appear for questioning at that time.

King Brothers circus travels by truck and has winter quarters in Macon. The circus was split into two units at the beginning of the current season to cut expenses and increase receipts.

ONE UNIT RAN into financial trouble soon after leaving Macon, and animals were stranded at many points because of a shortage of trucks. Some

were left at Winder and Alpharetta, Ga., and are now at Atlanta's Grant Park Zoo. The other unit was more successful for a time.

Beatty, who became famous for mixing lions and tigers in the same cage, plans to continue with his animal act—Mostly with indoor shows, in movies and on TV.

TV Show for Reisel

New York, June 13 (AP)—Victor Reisel, newspaper columnist recently blinded by an acid thrower, will have a weekly 15-minute television program on a New York city station (WRCA-TV) starting Friday, June 29, at 6:30 p. m. EDT.

THE BUSINESS OUTLOOK

It is never wise to belittle declines in any major sector of the nation's economy. But by the same token it is not sensible to exaggerate these as being general when they are not.

Right now sharp dips are occurring in automobile and farm equipment. Production actually is running below levels of 1954 when we put the label "recession" on the downward economic swing.

Especially broad effects are bound to be felt in the general economy from the fall-off in car output. But even if this were not so we should feel concern over these soft spots. Unemployment is not made more palatable because it is limited to particular fields. For those involved, it is a crisis. And we must attend to every such development whether large or small.

Nevertheless, a wide look at today's business conditions indicates that output generally is at considerably higher levels than during the 1953-54 drop.

In a recent review, the New York Times noted that what the economists call the "gross national product," the total of all goods and services, stood at nearly 400 billion dollars annually as of this March 31. Two years ago it ranged just above 350 billion.

The Federal Reserve Board's index of industrial production this April rested at 143 per cent of the 1947-49 average. The June, 1954, mark was 124.

Business spending for new plant and personal spending are both markedly higher in 1956 than in comparable periods two years ago. And manufacturers' new orders, always a measure of business confidence, ran 27.4 billion dollars this April against 22.8 billion in June, 1954.

There are still other figures: Employment is higher, unemployment is lower, savings are higher and average pay checks are higher.

Put the pieces together and you get a basically cheerful pattern of American economic activity. The country is busy. We are bowling along on high ground.

Again, that doesn't mean we should play down the soft spots—the sag in motors and farm machinery, the heralded slide in farm income, the bulge in consumer debt.

But, though there is uncertainty there is no need yet to dust off the gloomy labels. The politicians may try it, but if they do they'll be pressing. The facts of the economic outlook contradict them.

Russia recently welcomed Marshal Tito of Yugoslavia as an old friend. That's a little like President Eisenhower asking Harry Truman to run for vice president on the same ticket with him.

DISCARD GOBBLEDEGOOK

The government has many specialists, including specialists in gobbledegook. The latter excel in the fine art of appearing to say something without actually saying anything. Some of them give it a kind of reverse twist. They devote themselves to saying something in such a confusing way that they seem to be saying nothing.

Every now and then a new example of gobbledegook comes to public notice. Among the most intriguing to emerge recently is one that was spotlighted the other day by Rep. Howard W. Smith, chairman of the House rules committee. He asked for an explanation of the meaning of this section of a bill to authorize federal aid for construction of sewage disposal plants:

"The federal share for any state shall be 100 per cent less than percentage which bears the same ratio to 50 per cent as the per capita income of such state bears to the per capita income of the continental United States (including Alaska)."

Authors of the bill could shed no light on the meaning of this sentence. They said it had been taken from a law which is expiring after eight years on the statute books.

A certain amount of complexity—even of obscurity—may be necessary in a legisla-

'These Days'

By GEORGE SOKOLSKY
THE ENGINEERING SHORTAGE

Messrs. Eli Ginzberg, Edward A. Fitzpatrick, Howard A. Meyerhoff and Eugene M. Kulischer, professors and specialists in various fields, have joined together to study the human resources of this country with the object of relating it to the national security. Their monograph on the subject is as interesting as it is important, but what fascinated me is that right at the start they more or less debunk the excitement over shortages by making this very simple and correct statement of fact:

"... There is a shortage of good baseball players, of top-flight business executives; beautiful women are in short supply; competent philosophers are likewise scarce. How could it be otherwise, then, that there would be a shortage of good scientists and engineers?"

That is just the point. Really competent, skilled, imaginative, thinking persons are rare no matter what the field of activity or interest. In the United States, even 30 years ago, a B.A. or a B.S. degree meant something that gained a person respect and opportunity. Today, these baccalaureate degrees are a dime a dozen, like high school diplomas. To move out of the proletariat into the learned professions, one needs a Ph.D. which does not really mean that the person knows more or has a better mind; it only means that he has narrowed his field of learning to a minute specialty and that in that narrow area he has gained an intense proficiency. It hardly seems worth while to do all that work and to delay marriage and having a family for a job that brings between \$7,500 and \$10,000 a year. Also the young man knows, if he is at all intelligent, that while he may understand the habits of a seaweed, he understands little else and therefore he starts life discontented and frustrated.

Many educators are deeply concerned about the narrowness of specialization and the little time left the student for an education and they confer about it and have some committees making special studies. But the difficulty is that the boy who majors in engineering or science is stuck with so heavy a load if he is ever to get into a top-notch graduate school that he has no time for an equal concentration on learning which is now categorized as the humanities. Possibly the only solution is a three-semester year which would reduce the Summer vacation.

Those who make a great to-do about the shortage of engineers point to the enormous number of engineers and scientists that Soviet Russia turns out. In this connection, the learned doctors whom I quote above, said:

"... Considering what we do not know about our own scientific and engineering manpower resources, comparative analyses of the United States and the Soviet Union would seem to rest on shaky grounds. To advise caution about such comparisons does not commit one to lack of concern about the magnitude and quality of the effort the Soviet Union is making to strengthen its scientific manpower resources."

It needs to be remembered that mass education in Soviet Russia only started after the 1917 revolution and that advantages which in this country go to other kinds of persons, go to scientists and engineers in Russia. National security neither for Soviet Russia nor for the United States can rest entirely upon engineers and scientists unless these are more than mechanics. They have to be thinkers—imaginative thinkers. On this subject our doctors write most learnedly and thoughtfully:

"... What no country has yet been able to accomplish is to insure that highly competent people rise to the top in every sector of life. There were many good scientists in Germany in 1933, but that did not prevent Hitler from coming into power. To reduce all considerations of national security and welfare to concern over the number of scientists and engineers would be the rankest type of materialism. It would also be to withdraw behind an intellectual Maginot Line."

The universities today it is fashionable to sacrifice wisdom for knowledge, thinking for know-how. It might, on the face of it, look very practical but as we are troubled in this generation over a conflict of ideas, we need most of all philosophers and of them, there is, indeed, a grave shortage. In a word, what is lacking most is clear, unafraid thinking.

That Body of Yours

By JAMES W. BARTON, M.D.
TWO PROBLEMS IN DEALING WITH THE HANDICAPPED

Dr. William Menninger, one of this continent's outstanding psychiatrists, in an article, "How Are You—Emotionally?" draws attention to two problems which exist in our efforts to help the handicapped person—child or adult. One of these is that too many able-bodied people have a deep-rooted dislike for handicapped persons and find it difficult, if not impossible, to overcome it. This we must combat if we are going to try to help handicapped persons, as it is based on a lack of understanding.

Not very often, really, do we feel people when we feel unfriendly or hostile or resentful to them. Our own little children know when we are angry with them, even though we try to hide it; perhaps we don't want to admit it to ourselves. Our handicapped friends are aware of these attitudes, too, and feel resentful about them because the handicap isn't their fault. This feeling often interferes with the relationship between the physician or other person who is trying to help and the patient.

Another of the difficult problems in the rehabilitation of the handicapped stems from what the psychiatrists call the "secondary gain" of being ill. This phenomenon applies to all of us, not just the handicapped. We don't have to go to work or school, for example, when we are sick. These various gains sometimes become so important that the individual does not want to give them up and does not try to get well. The person with a physical difficulty may use his handicap as a cudgel over the rest of the family so that the others must march to his tune.

Some individuals, not necessarily physically disabled, "enjoy" their illnesses and use them as a kind of game or weapon to get the things they want in a hostile, unkind way. On the other hand, not infrequently there are hospitalized patients who have been able to develop physical independence to a high enough point to go home from the hospital for a weekend. They return to hospital as invalids because their family refused to give up taking care of them and they, in turn, found this care so attractive that they allowed themselves to surrender their new found independence.

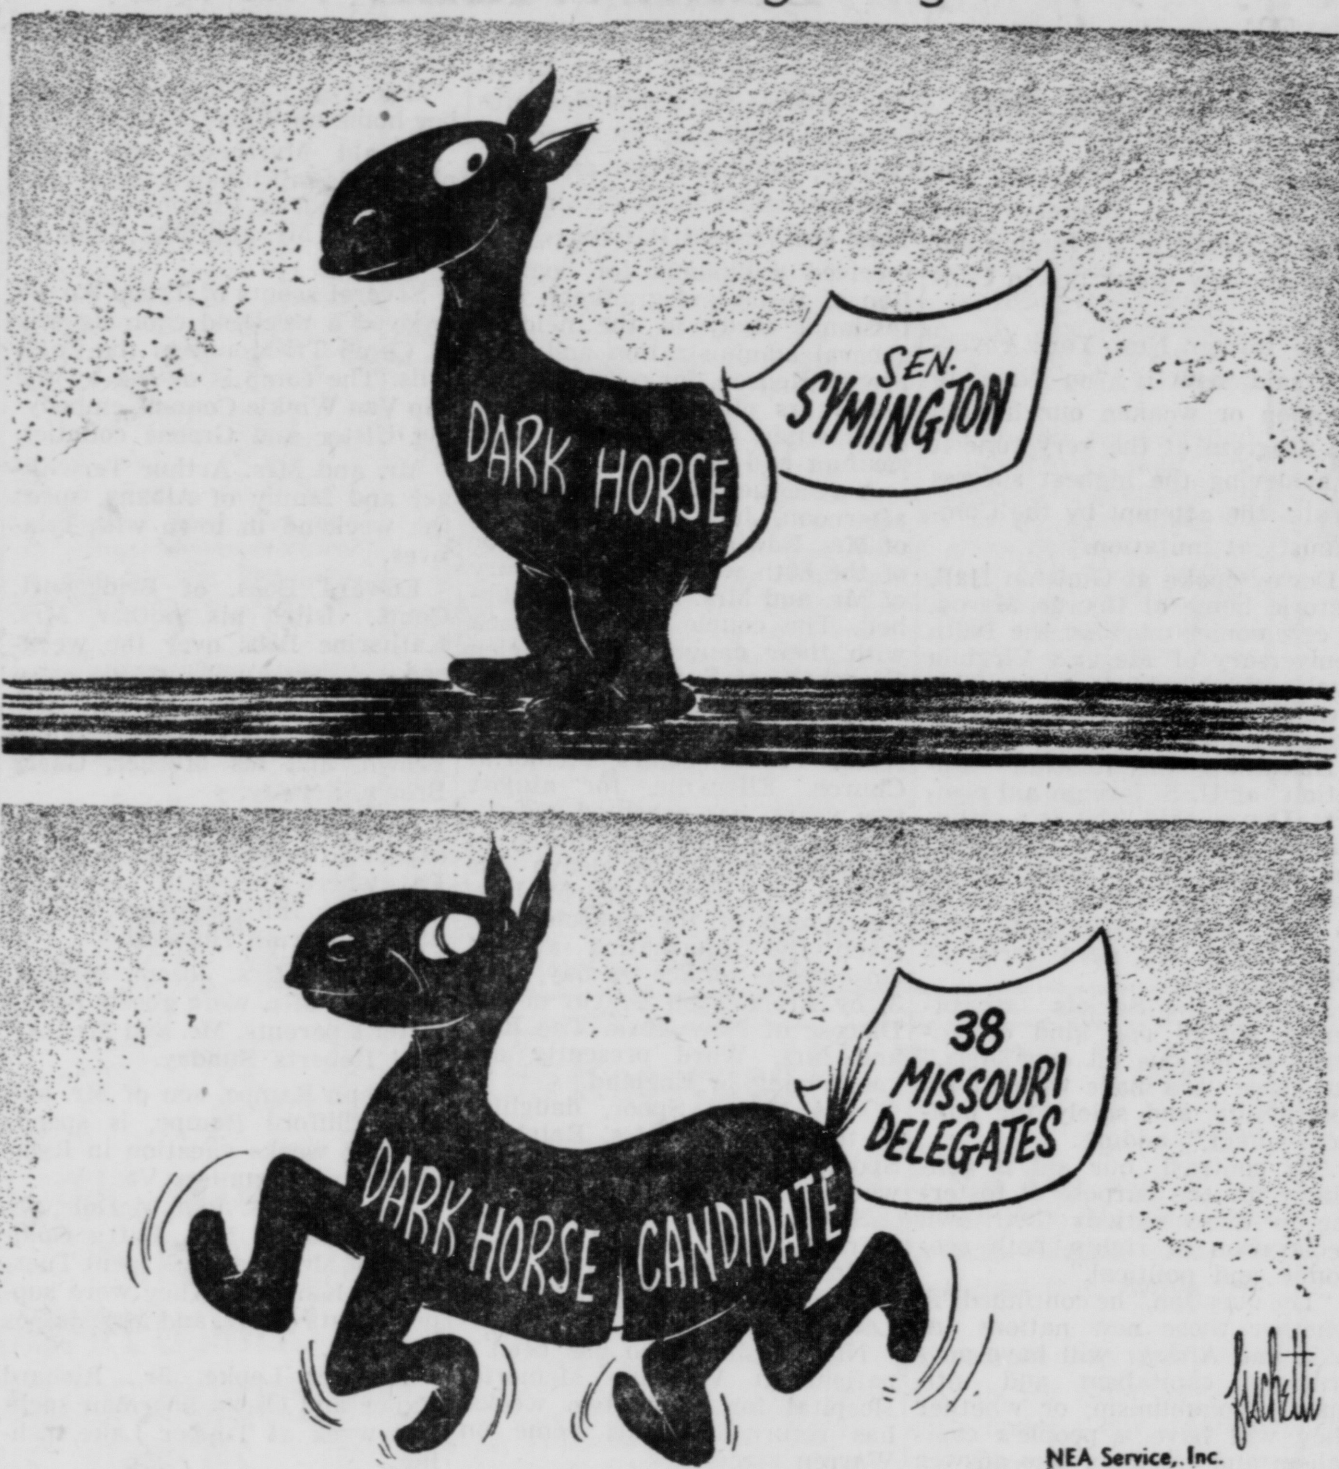

"One of our greatest problems in the rehabilitation of veterans is that, through pensions, they get paid, in many instances, for staying sick. As long as they wish their compensation continued, they must not lose their aching backs."

What can we do to help? "An individual's ability to be interested in others, his freedom from insecurity, his constructive management of his hostile feelings can come only from the knowledge that he is loved. It is this knowledge of being loved that enables him to love others. The ability to love—to give love and to receive love—is the main factor in the healthy adjustment of the handicapped person."

Are you neurotic? Read Dr. Barton's helpful booklet entitled "Neuroses" which may be obtained by sending 25 cents, to cover cost of handling and mailing, to The Bell Syndicate, in care of The Kingston Daily Freeman, Post Office Box 99, Station G, New York 19, N. Y.

(Released by The Bell Syndicate, Inc.)
tive bill. But when even the men who draw up a measure don't know what it means, then it's time to weed out the gobbledegook and get back to basic English.

End of the Beginning

Edson's Washington News Notebook

By PETER EDSON
NEA Washington Correspondent

Washington (NEA)—The first meeting arranged for heads of 21 American republics at Panama June 24 and 25 will be largely ceremonial and social.

President Eisenhower, because of his illness, will likely miss the getting-to-know-you kind of festa.

There may be a high sounding "Declaration of the Americas" signed by all the presidents at the end. It would dedicate everyone to the principles of Simon Bolivar the Liberator, peace and freedom or something like that.

But in issuing the invitations to this conference, President Ricardo Arias Espinosa of Panama specified that no big new international issues would be brought up. In two days, there isn't time to consider them.

The 21 ambassadors assigned full time to the Organization of American States in Washington will assemble in Panama two days before the presidents arrive. But the ambassadors aren't expected to do any business, either.

THE OCCASION for this Panama gathering of 21 presidents is of course the 130th anniversary of the first Pan American conference, June 22, 1826. It was called by Simon Bolivar. It led eventually to creation of Pan American Union in 1890 and its successor Organization of American States in 1948.

It has had its quarrels and love feasts, like any other family. But it is today the oldest and most successful international organization in the world.

The Panama meeting this month comes at a time when the Eisenhower administration thinks

Pan American relations are tops. The aim is made that the Latin American countries can no longer rightfully say they are neglected. There is no crisis in the area.

The "good neighbor" policy of President Roosevelt had been replaced by the "good partner" policy of President Eisenhower. Similarly, President Truman's "four point" aid has been rechristened "technical assistance."

SOMEHOW, THE POLITICAL PRESS AGENTS always try to erase any memories of anything done by a previous administration of another party even when it's good and even though changing the labels only confuses the friendly countries.

But today U.S.-Latin American trade has increased to record highs. Loan and grant figures and private investment are said to be at maximum capacity—all that Latin America can absorb.

There is one theory held by Latin American officials that if the United States would invest more and make bigger grants in their part of the world, their gross national product and standard of living would increase at say 8 per cent or more a year, instead of the present 5 per cent.

They claim this would increase inter-American trade. But they have so far failed to prove just where they could absorb capital investment faster than they are doing now.

LATIN AMERICAN finance and trade masters ganged up on the United States to put over a program of this kind at the last OAS economic conference. The subject is supposed to be banned at the forthcoming Panama celebration. But it will be in everyone's subconsciousness. For there's another economic conference coming up later. And somebody might mention it—with the Latin politeness of course—after the 21 presidents get to slapping each other on the back and calling each other by their first names.

Incidentally, ex-President Juan D. Peron of the Argentine is still in Panama, where he has been granted political asylum. But it isn't likely that he'll be invited to sit in, as a former member of the club.

Watch Out for Horses!

Lancaster, Pa. (AP)—Sanford A. Landis swerved to avoid a collision with a horse-drawn vehicle and wound up with the horse in the back of his pickup truck. The horse reared and his front legs landed in the body of the truck. No one was injured but damage to the truck was estimated at \$200.

Perilous Log Rolling

Cottonwood, Idaho (AP)—Bystanders were amazed when George Crea stepped out of the wreckage of his pickup truck with only a few bruises. The pickup collided with a logging truck, rolled over several times and landed upside down in a ditch under a pile of logs. The pickup was crushed almost flat.

AS PEGLER SEES IT

By WESTBROOK PEGLER

Detroit, June 12—New York, Chicago and Detroit are being knocked down almost as though by earthquake or the conventional, old-style bombing which relieved London of many of her slums and genteel but primitive old mansions and office-buildings. All three were ripped apart and built up once in the years between the first war and the second.

Now much of that new structure is vanishing and new avenues, new towers, new concepts are going up.

Chicago before 1920 was an ugly concentration of primitive "skyscrapers" within the Loop, surrounded by flimsy brick and wood flats, few of them more than four stories high because at four stories the law required fire-escapes and more expensive construction. Land was cheap and space seemed limitless. Imperceptibly, except to the startled eye of the returning wanderer, the Chicago which grew up after the fire was wiped out, bulldozed away in the 'twenties and 'thirties. Rich suburbs mushroomed beyond the city limits. Streets were shoved straight through old masses of buildings as the automobile became the workers' transportation.

In New York, subways burrowed in all directions until few residents today really know their way around. Old settlers, venturing uncertainly, find themselves in Brooklyn.

Park avenue north of 45th

Bob Moses is brandishing his imagination at a vast, ugly expanse of the west side in the sixties. Bill Zeckendorf, having erased not only buildings but streets to make room for the United Nations, has turned to the west in the lower part of mid-town.

"What are you going to use for money?" I have asked him again and again. Like others he is afraid of Moses' lashing repartee and flinches when tempted to cry out against public housing as socialism.

"What am I going to use for money?" Zeckendorf yells. "Listen to me. First you have got to get an idea. Then you have got to make dramatic, imaginative drawings. Not blue-prints. Business men can't read blue-prints. Then make models. Make toy skyscrapers, toy super-highways with toy cars. Toy helicopters with little helicopters done to scale. Bring it alive to them. Show them how the new city will look and offer them quarters for their offices. The next step is politics. When you start disturbing the conventional, existing design of the city, you are in politics. You are disturbing people and you

I think Marilyn (Monroe) is making a mistake becoming a corporation. There's something unfeminine about a girl going into business.

—Movie actress Barbara Nichols

All a GI. has to do when he gets to thinking his job isn't important is to take a look at the Communist air traffic on the radar screen.

—Capt. Richard H. Reishman, stationed on Paengyo Island, off Korea.

I don't feel that we are going to be outstripped importantly in any area of missile development.

—Defense Secretary Wilson.

Today in National Affairs

Justices Said to Misinterpret President's Risk Data Stand

By DAVID LAWRENCE

Washington, June 13—It is stance, in security cases. The rare indeed to find justices of the Supreme Court of the United States in their formal opinions giving incomplete quotations from the remarks of the President of the United States in order to support a rationalization of their own. But that's what Justices Frankfurter and Douglas regrettably did in seeking to cite the President's speech of Nov. 23, 1953, as an argument against the use of confidential information by government officials when they deal with security matters and refuse to disclose such data to the person accused.

The case itself was decided against that point of view by the Supreme Court this week with a 5-to-4 vote. Justices Harlan, Burton, Clark, Reed and Minton constituted the majority. They ruled that, when the attorney general was refusing to suspend the deportation of an alien who had admittedly been a member of the Communist party, this was a discretionary right granted by Congress. The majority said that while there was a full hearing given, still it does not follow that a right exists to sit in on the making of "the ultimate decision—the exercise of discretion."

THIS WAS THE action by the attorney general in reviewing a lower board's judgment and in declining to suspend the deportation which had been ordered. The majority of the Supreme Court held that confidential information could influence the attorney general's final decision after the hearing and that there was no obligation on his part to disclose such information to the accused.

Justices Frankfurter, Black and Douglas and Chief Justice Warren, of the minority, however, argued that the accused has a right to be told of the sources of the confidential information. The F.B.I. has been insisting for many years that to disclose sources would break down the whole system of detection and deprive the nation of safeguards against sabotage and subversion.

BUT JUSTICE Frankfurter and Douglas declared, in their dissenting opinions, that President Eisenhower had taken a blanket position in favor of telling the accused all about the confidential information gathered against him. Mr. Eisenhower's speech of Nov. 23, 1953, in Washington before the Anti-Defamation League, was quoted in both the dissenting opinions. Yet the remarks made by the President at his press conference of Dec. 2, 1953—in which he was asked a specific question as to how that same speech was to be interpreted on security matters—were ignored entirely by both Justices Frankfurter and Douglas.

Mr. Eisenhower had been asked at the press conference whether what he said in his speech could be applied to proceedings in the executive branch of the government, as, for instance, in security cases. The authorized quotation of the President's reply was printed in the press of Dec. 3 as follows: "Well, the one point I must make clear, employment in the Federal government is not a right of citizenship, it is a privilege; and if there is real justifiable belief and conviction that a person is a risk, you certainly cannot keep them in a delicate position, and in certain instances probably couldn't keep them at all."

"IN OTHER WORDS," when you are looking into the fitness of an individual to work for the Federal government, it is not the same as assassinating a man's character or charging him openly with being a spy. So, one thing I have insisted upon—that there be no effort in this security program to assassinate anybody's character, and to damn him forever as a spy or anything of that kind."

But I do believe that there is a difference between determining whether or not a man should work for the Federal government and charging any one of us here with a heinous crime of any kind."

This distinction—between the prosecution of a crime in the courts and the conduct of an administrative proceeding inside the executive branch of the government—was clear from a reading of the President's first comments before the Anti-Defamation League. For he was denouncing the theory that, through anonymous accusers, any one could be "suddenly thrown into jail to rot there without charges and with no recourse to justice." The President had plainly indicated in his public speech that he had court proceedings in mind, for he added a reference to court procedure: "We have the habeas corpus act, and we respect it."

CHIEF JUSTICE Warren didn't quote either of Mr. Eisenhower's statements but held that "any hearing" in the administrative or judicial process which denies relief to an accused on the basis of "confidential information" is "no hearing."

The Chief Justice is not impressed—nor is Justice Black—with the fact that in a "cold war" and in times of international danger the law enforcement branch of the government has to gather vital information from all kinds of sources and that the high officials of the executive branches must be trusted to use every effort to determine conscientiously whether the information is mere gossip or really damaging.

OFTEN UNDERCOVER agents who sit in on Communist meetings cannot be publicly revealed lest their future usefulness be impaired. The Communist underground is anxious to drive all FBI informants into the open and, if the view of the Supreme Court justices who would bar "confidential information" were to prevail, it would aid the Communist strategy. The 5-to-4 decision helps the FBI and the President to protect the national safety.

(Reproduction Rights Reserved)

must go to the politicians for help.

"You have got to sell each new building to at least one major, bell-cow, rent-paying tenant. Union Carbide is going to build at 270 Park avenue and the old Marguary will be gone."

I had seen the "Old Marguary" rise above the old railroad cut. "Don't tell people that," he yelled. "They will say you are old."

"You saw it yourself," I said. "Yes, but I don't tell people. This is the biggest buying center in the history of all the world. This is the Persian bazaar, the crossing of many camel-tracks, this is Baghdad."

"Conception, planning, politicking and selling to tenants. That is the deal. The moment you have got the leases you can get the money. I borrowed \$285,000 for a Safeway store. Guess who put up the money. The International Brotherhood of Electrical Workers."

Detroit was an inland port and trading town when Henry Ford and the other pioneers began mounting the world on wheels. Today, Detroit is aching, straining, groaning and enormous new structures are heaving into existence. A new Detroit supersedes the marvelous Detroit which grew out of the old settlement.

(Copyright, 1956, King Features Syndicate, Inc.)

Suits, dresses and coats in autumn designs and colors but in cotton fabrics are ready for you now. Nice to get you through the remaining hot weather and into fall looking crisp and well-groomed.

Questions -- Answers

Q—What is the Deliney? A—It is the Distant Early Warning Line, a 3,000-mile-long fence of radar stations in the Arctic to give an alert of attacking jet A-bombers.

Q—Who was the first president to open the baseball season by pitching the first ball for the Washington club?

A—President William Howard Taft in 1910.

Q—What is the name of the newest U. S. submarine?

A—The USS Albacore, considered the world's fastest submarine.

Q—What was the output of the can industry in 1955?

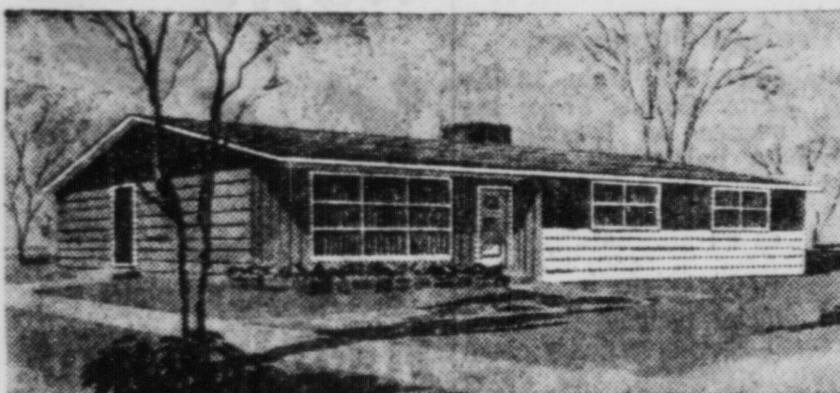

A—The can industry in America turned out about 37 billion metal cans in 1955.

Notch Road

Editor, The Freeman:
The Parents Committee is
happy to see the construction of
the final piece of the Notch
Road is finally to be completed.
It sure is good news to hear
after our long battle for this
state highway.

Construction will begin next
month by the Dunham Construc-
tion Company.
We wish to extend our sincere
thanks to Governor Harriman.

Senator Wicks, Assemblyman
Brady, Maurice Osborne (Com-
missioner of the State Board of
Education), and John W. John-
son (Superintendent of the State
Department of Public Works);
also everyone that helped us to
win our victory.

We also thank the radio and
the press for the wonderful sup-
port they gave us. Here is an
example of what freedom of
speech and press means to the
people of our country; without
these our progress would be at
a standstill.

Sincerely yours
JOHN PAPP,
Chairman.

Think It Through

By E. F. HUTTON

"NO POLITICAL DREAMER"

John Marshall, the great Chief Justice of our Supreme Court
(1801-1835) said in one of his famous decisions:

"No political dreamer was ever wild enough to think of
breaking down the lines which separate the states, and com-
pounding the American people in one common mass."

Added force is given to his words by recalling that Marshall
was not known as a "States Rights" man. He was a Federalist,
an opponent of Jefferson. He believed in a
strong nation, but he also believed in strong
States.

This greatest Chief Justice we ever had
was, however, wrong on what he said. Po-
litical dreams have become wild enough in
our time to want to do the very thing he
thought they would never attempt.

One of them is the present Chief Justice
of the United States, a mental midget com-
pared to Marshall. He and others of his
"brethren" are now writing opinion after
opinion taking the powers of Government
which the Constitution reserved to the
States, and handing them to the Federal Government without
the consent of the people.

They have practically struck from the Constitution the 9th
and 10th Amendments.

Instead of deciding cases under the law, they remake the
law and then decide the case. They are now the super-legisla-
ture of the American people.

Neighbor, will either party reprimand them in the platforms
to be written this year?

Births Recorded

The city registrar recently re-
corded the following births:

June 1—Carol Ann to Mr. and
Mrs. Robert Glenn Kirby, Route
1, New Paltz and Kathleen Ma-
rie to Mr. and Mrs. Louis Fleck,
Route 3, Box 119, High Woods.
June 2—Thomas Allan, Jr., to
Mr. and Mrs. T. A. Grathwol,
Route 2, Box 76, Sawkill road;
Benjamin William to Mr. and
Mrs. Harrison Clark Cornish,
Tilson; Donna Marie to Mr.
and Mrs. Frank Tamburello,
Route 1, New Paltz, and Salva-
tore Anthony Jr., to Mr. and
Mrs. S. A. Misasi, Route 3, Sau-
garties.

June 3—Dorothy Jeanette to
Mr. and Mrs. Daniel John Mil-
ler, South Ohioville road, New
Paltz; Sandra Jean to Mr. and
Mrs. Timothy Donald Lent,
Route 2, Box 470, New Paltz;
Richard John to Mr. and Mrs.
Albert A. Peruso, 29 Pine street;
Steven Mark to Mr. and Mrs.
Willie Clarence Van Leuvan, Mt.
Tremper; Ernest Howard, 3rd to
Mr. and Mrs. E. H. Rau, Jr.,
Route 2, Box 76, Kingston, and
Debra Jean to Mr. and Mrs.
Louis Carmine Gallo, 108 North
Front street.

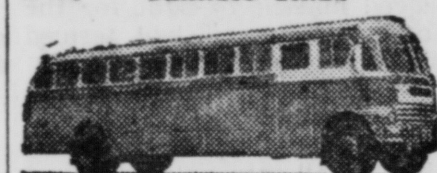

June 4—Mark Joseph to Mr.
and Mrs. Bruce Lester Wally,
Riverside Farms, Saugerties;
Lorraine to Mr. and Mrs. Cecil
Edward Conley, 10 South Pine
street; Joan Leslie to Mr. and
Mrs. David Lloyd Barringer,
West Shokan; DeVeda Marie to
Mr. and Mrs. Joseph Leroy
Worthington, 50 Meadow street,
and Debra Eileen to Mr. and
Mrs. Otto F. Sonnenberg, Wil-
low.

June 5—Patricia Jane to Mr.
and Mrs. Vivian Vincent Schoon-
maker, 37 Liberty street; Pris-
cilla Allen to Mr. and Mrs. Kel-
sey duBois Graham, 27 West
O'Reilly street; Barbara Ann to
Mr. and Mrs. Howard Joseph
Allen, 234 Main street, and Mi-
chael Jay to Mr. and Mrs. Wil-
liam Harley Irish, Trailer
Haven, town of Ulster.

Cactus for Hobby

Ann Arbor, Mich. (AP)—Stuck
for an idea for a hobby? Elzada
U. Clover, associate professor of
botany at the University of
Michigan suggests raising cacti.
They bloom well in any climate,
she says, and most of them need
a dormant season. This could
last from Nov. 1 to Feb. 1, dur-
ing which time they should be
kept at 50 or 60 degrees in a
normally lighted room. Don't
overwater their drinking capacity
—once every two weeks will do
for watering. If you're going to
keep them in a darker, cooler
basement room, she says, you'd
better give them less water too.
As soon as the temperature
nears that of desert conditions,
they can be watered normally—
which should produce flower
buds on mature plants.

"Quality Is Remembered Long After Price Is Forgotten"

Best Seller that's hard to beat

This '56 Buick
is packed with new
features — and priced
close to the smaller cars!

Buick Special
6-Passenger 4-Door Riviera

WANT SOME QUICK FACTS on the
big news in automobiles today
—news that can guide you to a smart
move and a real smart buy?

Then listen—it won't take long.

The 1956 Buick has so many new
developments—in styling—in power
—in performance—in ride and han-
dling—that it is, literally, the best
Buick yet. That's Fact No. 1.

And Fact No. 2 proves it: Buick
today is more strongly entrenched
than ever in the top three of the
nation's best sellers—outselling all
other cars in America except two of
the well-known smaller cars.

One big reason for this success is
the strapping new Buick SPECIAL—
like the one pictured here.

It's priced right close to those
smaller cars—but, like every '56
Buick, it's a whole of a lot more
new car for the money.

It cradles a big, new 322-cubic-inch
V8 engine that's record-high in
power and compression, and
cramped with engineering news
even the costly cars can't claim.

It makes the most of every bit of
power with a new version of Variable
Pitch Dynaflo* that's the most
efficient yet. With a new develop-
ment the engineers call "double
regeneration," Dynaflo gives you
great new acceleration from the first
thrifty inch of pedal pressure. Even
before you switch the pitch.

And this '56 Buick cushions you in
the softest ride ever. Shows an
uncanny sense of direction on every
curve and turn. Puts a whole new

feeling of safety, security and solid-
ity into every mile you drive.

So before you buy any car—catch
up on the latest news. Come try a
'56 Buick. When you see how much
new automobile your money can
buy, we don't think you'll ever settle
for less.

*New Advanced Variable Pitch Dynaflo
is the only Dynaflo Buick builds
today. It is standard on Roadmaster,
Super and Century—optional at modest
extra cost on the Special.

Local Death Record

Sara F. Cook

Funeral services for Sara Frances Cook of Lake Katrine, who died Sunday, June 10, were held at the parlors of A. Carr and Son, 1 Pearl street, Tuesday at 2:30 p. m. Services were conducted by the Rev. Arthur E. Oudemool, pastor of the Old Dutch Reformed Church. Burial was in Wiltwyck Cemetery.

Harriet E. Beehler

Mrs. Harriet E. Beehler, 81, widow of John C. Beehler, of 359 Albany avenue, died in this city this morning. The funeral will be held at the parlors of A. Carr and Son, 1 Pearl street, Friday at 11 a. m. Burial will be in Montrose Cemetery. Friends may call at the parlors Thursday from 2 to 4 and 7 to 9 p. m. Surviving are two sons, Vernon D. Beehler of Glendale, Calif., and J. Edwin Beehler, of New Haven, Conn., and a daughter, Marion, wife of Herman Roosa of this city. Seven grandchildren and one great grandchild also survive.

Mrs. Fannie Lutzin

The funeral of Mrs. Fannie Lutzin, wife of Philip Lutzin of 41 Wurts street, was held from her late residence Tuesday at 3

p. m. Dr. H. Z. Rappaport, rabbi of Congregation Agudas Achim, officiated assisted by Cantor Michael Klein. Services were largely attended by the many friends of the deceased. A delegation from the faculty of School No. 5 also attended out of respect for Mrs. Lutzin's daughter, Miss Sadie Lutzin who is on the faculty. Burial was in the Eritth Abram section of Montrose Cemetery where Rabbi Rappaport conducted the committal.

Vincenzo Ferrendino

The funeral of Vincenzo Ferrendino of East Kingston was held from his late residence Tuesday at 9:30 a. m., thence to St. Colman's Church where a high Mass of requiem was offered for the repose of his soul at 10 a. m. by the Rev. Ambrose J. Murphy. Responses to the Mass were sung by Martin Kelly assisted at the organ by Theodore Riccobono. During the days of repose many relatives, friends and neighbors called to pay their respects. There was a profusion of beautiful floral tributes and spiritual bouquets in the form of Mass cards. The Rev. Edmund V. Radford called Sunday and led the assembled relatives and friends in the recitation of the Rosary. On Monday evening a large delegation of the East Kingston Mother's Club also called in a body. Burial was in St. Mary's Cemetery where Father Murphy gave the final blessing. Bearers were Charles Carmello, Charles DeCicco, Patrick Carmello, Thomas DeCicco, Louis Carmello and Frank De Micco, all nephews of the deceased.

Charged With Murder

Baltimore, June 13 (AP)—A Negro handyman was seized today and charged with the murder of a woman in the fashionable suburb of North Baltimore. Police were holding Carl Daniel Kier, 21, at the Parkville police station on homicide charges. Police said he was originally from Roanoke, Va., and was unmarried and unemployed. They said he had been soliciting work in the area yesterday where the victim, Mrs. John H. Bopst, 48, lived.

Riot Is Cut Short

Geneva, Ill., June 13 (AP)—State and county police cut short a riot last night of 14 teen-aged delinquents in a disciplinary cottage at the Illinois State Training School for girls. One of the girls was injured. She cut a foot on shattered glass on the second floor of the cottage to which the delinquents were confined. The disturbance lasted 35 minutes, Harriet D. Moore, assistant superintendent in charge of the school at the time reported.

Fire Damages Truck

Fire in refuse on a city truck caused slight damage to the vehicle at noon today. Engine 1, of Central station answered a call at 12:01 p. m., while the truck was at Prince and Dederick streets, and the fire was checked with a booster line. It was city truck No. 5, owned by the public works department, and driven by Joseph Fabiano, of 52 Cedar street.

Rapid Ladies to Meet

The monthly meeting of Rapid Hose Company Ladies' Auxiliary will be held Thursday at 8 p. m. in the firehouse on Hone street.

Butler Labels Reports on Ike As 'Propaganda'

(By The Associated Press)

President Eisenhower's two recent illnesses were a political topic of discussion again today following Democratic National Chairman Paul M. Butler's description of White House medical reports as "propaganda."

Butler told newsmen in Chicago that some doctors and Eisenhower associates are trying to make the American people believe the President is a better man as a result of his Sept. 24 heart attack and the intestinal operation Saturday.

IN WASHINGTON, Press Secretary James C. Hagerty said he "wouldn't even dignify" Butler's remarks with an answer.

But Hagerty told a news conference he believes the public and the newsmen on the scene are convinced that the day-to-day reports on Eisenhower's condition "have been honest and completely factual."

Also in Washington, Thomas E. Dewey told an interviewer he does not believe Eisenhower's current illness will change his status as the GOP candidate.

DEWEY, WHO was the unsuccessful Republican presidential nominee in 1944 and 1948, also said he thinks Adlai Stevenson is out in front for the Democratic nomination and "the privilege of being defeated."

In California, Gov. Goodwin J. Knight said he expects Eisenhower to carry California and the nation in the November election.

New Hurley

New Hurley, June 13 (AP)—The June meeting of the Ladies' Aid Society was held last Wednesday afternoon at the home of Mrs. Jacob Kobelt with Mrs. Gerow Wilkin, president, presiding. It was voted to hold a food sale at the church hall on Tuesday afternoon, July 3. Eleven members answered the roll call and a social time was enjoyed. No meeting is scheduled in July and on August 21 the society will hold a picnic and pot luck lunch on the church grounds.

Members of the society will meet at the church hall at Friday afternoon to make plans for the food sale.

Members of the New Hurley Guild will meet at the parsonage on Monday afternoon, June 18 to clean and prepare it for the minister and his wife who will arrive here June 21. All ladies are invited to assist.

There will be regular preaching services in the New Hurley Church on Sunday at 11 a. m.; Sunday school at 10 a. m. All are welcome.

Children's Day exercises were well attended in the church last Sunday morning. The program was in charge of Mrs. Richard Schoonmaker and Mrs. Charles Garrison. Mrs. Wallace Palen directed the junior choir with David Wilkin at the organ.

Roller skating will be resumed Monday, July 9 from 6:30 to 8 p. m. for those under 12 years of age and 8 to 10 p. m. for those over 12 years of age.

Mr. and Mrs. Gerow Wilkin attended the smorgasbord supper at the Friends Church, Clintondale, last Wednesday evening.

Mr. and Mrs. Thomas Watkins of Walden called at the home of Mr. and Mrs. Edward Powell last Friday.

Mrs. David Lent and daughter, Diane, of New Paltz, spent the weekend at the home of her parents, Mr. and Mrs. Roy Deniston.

Mr. and Mrs. John Semple of Old Greenwich, Conn., spent the weekend at the home of Mr. and Mrs. Edward Powell.

Mr. and Mrs. James Shurtler of Marlborough spent Sunday evening at the home of their cousins, Mr. and Mrs. Edward Powell and Miss Bertha Sutton.

Funeral services for William Gail were held at the Parrot Funeral Home, Newburgh, on Monday afternoon with burial in the family plot in the New Hurley Cemetery. Mr. Gail was a former resident of this place.

Housing Fight Looms

Washington, June 13 (AP)—A big house fight over public housing was in prospect today after the House Banking Committee approved a bill that goes far beyond the program President Eisenhower has requested. The committee yesterday okayed a measure that would provide for 180,000 new public housing units, plus 30,000 units designated for elderly persons. These would be erected over a three-year span, starting Aug. 1.

Fire Damages Barn

A one-story-and-attic horse barn near Terry's Brickyard on North street was heavily damaged by fire of undetermined origin late Tuesday night. The roof timbers and ceiling of the frame shed were badly burned. The attic was involved in flames when the fire department arrived. Responding were Engine 2 from Cornell and the Cordis and Union companies. Name of the owner of the shed was not immediately available.

Blast Kills Man

Cincinnati, Ohio, June 13 (AP)—An explosion that burst out two sides of a Cincinnati apartment house from cellar to roof late last night killed one man and injured 14 other persons, three of them critically. The body of Robert Swarts, 31, was found in the wreckage. He had been in the basement when the blast went off. Among the seriously injured was a two-month-old baby, Dorothy Miller, who was blown out of her crib. Her skull was fractured.

Public Is Invited To Hear Red Cross Speaker June 20th

COURTNEY N. OLEEN

The annual dinner-meeting of Ulster County Chapter, American Red Cross, will be held at St. John's Episcopal Church, Albany avenue at 6:45 p. m. Wednesday, June 20.

Following the dinner there will be a short business meeting, including the election of members to the board of directors for the ensuing year.

Courtney N. Oleen, assistant director of services at military installations, will be the speaker. Mr. Oleen has been serving Red Cross since 1942, when he was appointed as assistant field director and was promoted to field supervisor in 1945. Later in 1945, he became assistant director.

Born in New York city, Mr. Oleen was educated in the Yonkers, New York, public schools and holds BS and MA degrees from Northwestern University. In addition, he has done graduate work in history at Harvard University.

From 1917 to 1919, Mr. Oleen served with the U. S. Army in World War I, including a year overseas. Until his association with American Red Cross in 1942, he was in educational work both here and abroad. He makes his home in Alexandria, Va.

The Red Cross meeting is an open meeting and the public is cordially invited to attend. Reservations may be made by calling the chapter on or before Friday. Seating capacity is limited and reservations will be accepted in order of receipt.

Wicks, Morhouse Praise Bailey At Testimonial

Senator Arthur H. Wicks of this city shared the speakers' spotlight with L. Judson Morhouse, Republican state chairman at last night's testimonial dinner for Sheriff Milton O. Bailey of Greene county.

Sheriff Bailey retired last April as chairman of the Greene County Republican Committee after 19 years as a very active political leader.

More than 250 at the dinner in Blue Mirror Inn, Haines Falls, heard Senator Wicks praise Sheriff Bailey as one of the outstanding GOP political leaders in the state. He stressed that Mr. Bailey was largely responsible for many Republican victories.

"I wish you a very happy retirement," Senator Wicks said. "But we'll all miss you."

Aside from complimenting Sheriff Bailey and wishing him well, Mr. Morhouse took the occasion to accuse Governor Harriman of "political doubletalk."

He said: "Mr. Harriman seems to be a political schizophrenic who favors everything for everybody—except a break for the taxpayers. . . . At the rate he is going the rest of the country soon will be as wise to his political doubletalk as are the people of New York."

Morhouse noted that the governor, within two days, had pledged himself to fight for the Liberal Party and had termed himself a conservative.

The Republican chairman said of Harriman: " . . . He is trying to be all things to all men politically and will say anything to satisfy his obsession that he should be President."

Morhouse said that the "new vision" proposed by Harriman would "out-race, out-think, and out-spend the New Deal and Fair Deal, way over on the socialist side of the street."

100 New Jurors Ordered Today in Newburgh Trial

Newburgh, N. Y., June 13 (AP)—Orange county Judge Raphael A. Egan today ordered a new panel of 100 prospective jurors drawn for the first degree murder trial of George Ruocco and Joseph Marsala, both 25.

Only two jurors have been seated since the trial started Monday. Today 20 prospective jurors were excused for cause. Dist. Atty. Abraham S. Isaacs began questioning six others as possible jurors. The new panel will be drawn at the courthouse in Goshen, Orange county seat.

Ruocco and Marsala are charged with the fatal shooting of Al Frias, former Fall River, Mass., welterweight boxer, and robbing him of \$6,000. His body was found beside a highway near Monroe, N. Y., on April 22, 1955. The two men were arrested last August.

Woman's Body Is Found Tuesday On River Bank

The body of an unidentified woman in a bad state of decomposition was found Tuesday night on the bank of the Hudson river at West Park.

Three men cutting a path through the woods to the beach discovered the body—believed to be that of a female, possibly Negro, about 40 years of age.

CORONER Francis J. McCordie of Kingston, who investigated with Highland state police, said the face had disintegrated and that there was no skin on the hands and fingers—making identification by fingerprints impossible. There was no identification on her person.

Troopers Charles Bundschuh, E. N. Buffett and Chico said the body, which had apparently been lying on the beach for some time, was discovered by Earl Light, Richard Bolde and Thomas McIntosh, who live in the area. They were cutting a path through the undergrowth and clearing away an area to be used as a parking lot, troopers reported.

Coroner McCordie told The Freeman he thought the body might be that of Mrs. Eula T. Fickler, about 35, of Kamak, Ga., who was thrown from a car Sunday, Oct. 16, when the vehicle went out of control and struck a bridge over the Black creek on Route 9W near Wiltwyck School.

THE MISHAP, which took the life of Mrs. Fickler's sister, Mrs. Lucille Cuddy, 49, of 581 Broadway, occurred at 4:45 p. m. at the height of severe storms and flooding throughout the area.

Troopers of the Highland station reported at the time that Mrs. Cuddy and Mrs. Fickler were passengers in a car operated by Charles Tucker, 31, of Nyack. The vehicle, traveling south on 9W, swerved across the highway, hit guard rails on the east side of the road, spun around and struck the bridge over the creek, according to the report. Apparently the door flew open and Mrs. Fickler was flung into the creek's raging torrent.

Coroner McCordie said today, however, that relatives of Mrs. Fickler had come to Kingston early this morning from Nyack and were not convinced that the body was that of Mrs. Fickler. They did not think the garments found on the body were those worn by Mrs. Fickler at the time of the mishap, the coroner explained.

New York City Produce Market

New York, June 13 (AP)—(State Dept. Agr. & Mkts.)—Trading was slow and supplies were moderate today in the wholesale fruit and vegetable market. Iceberg lettuce held steady.

Strawberries were in good demand.

Fruits: Strawberries—L. I., per qt. Robinsons 40-50 cents; Catskills 45-50; per pt. Sparkles 28; Robinson 25-30.

Browns: Extras (48-50 lbs.) 43-45. Includes nearby: Whites: Top quality (48-50 lbs.) 43 1/2-45 1/2; mediums 38 1/2-39; smalls 32-32 1/2.

Browns: Top quality (48-50 lbs.) 45-46; mediums 39-41; smalls 32 1/2-33.

Hearing on Train

the other way. A few start and terminate here, and the others provide service between Albany and Weehawken.

The railroad contends it shows a loss in continued operation of passenger service on the line.

Report in Error

In reporting an accident in Monday's edition involving a sports car and a van truck owned by Butler Furniture Company, The Freeman said the truck failed to negotiate a curve on the Zena road near Route 28. In fact, the sports car, owned and operated by Fred Louis Beldecker, 24, of Freeport, L. I., failed to negotiate the curve, and skidded head-on into the truck when Mr. Beldecker applied his brakes, according to Kingston state police.

Fire Threatens Horses

Stockholm, Sweden, June 13 (AP)—Fire swept through the Olympic Equestrian Stables tonight jeopardizing one of the world's greatest collections of prize horseflesh.

Will Join Local Pediatric Staff

DR. W. E. ASKUE

Dr. William E. Askue will join Dr. E. F. MacFadden of Kingston this week in the practice of pediatrics. Dr. Askue has been with the Rip Van Winkle Clinic in Germantown and Hudson for 2 1/2 years.

After graduating from Brown University he studied medicine at Columbia, receiving his MD in 1944. Following an internship and residency at Roosevelt Hospital he served as first lieutenant and captain in the Army Medical Corps.

His pediatric training was obtained at Bellevue and Norwegian (Brooklyn) Hospitals. While doing research at Sharp and Dohme, he taught pediatrics part time at Temple University School of Medicine in Philadelphia.

He is an assistant in pediatrics at the Albany Medical School, Licensure of the American Board of Pediatrics and a Fellow of the American Academy of Pediatrics. Five of his papers on pediatric subjects have been published.

He is married to the former Elizabeth Black from Saskatchewan, Canada. The Askues and their four children will live in Hurley.

Reds Must Change

Washington, June 13 (AP)—State Department officials ruled out today any meeting between Secretary Dulles and Premier Foreign Minister Chou En-lai of Communist China until the Reds substantially change their behavior. The State Department last night made clear that two steps are of primary importance in preliminaries for such a foreign ministers' conference: 1. The Red Chinese must "fulfill" their agreement of last Sept. 10 to permit 13 Americans imprisoned in China to return home. 2. Peiping must make a "meaningful renunciation" of the use or threat of force in connection with its claims on Formosa, the home of Chiang Kai-shek's Chinese Nationalist government.

Prefers Stevenson

Tallahassee, Fla., June 13 (AP)—Gov. Leroy Collins broke his official silence on presidential preferences today and said he would attend the August Democratic National Convention in Chicago as an alternate for Adlai Stevenson. "I think he's our best bet," Collins said. He maintained official neutrality during the recent Florida primary clash between Stevenson and Estes Kefauver. It hasn't been decided yet whose alternate Collins will be.

Frozen Assets

San Diego, Calif. (AP)—Who would think of looking in the freezing compartment of a refrigerator for money. A burglar did, police said, and found \$3,500. It had been left in a food market freezer over the weekend, supposedly for safekeeping.

FALSE TEETH

**That Loosen
Need Not Embarrass**

Many wearers of false teeth have suffered real embarrassment because their plate dropped, slipped or wobbled at just the wrong time. Do not live in fear of this happening to you. Just sprinkle a little **FASTEETH**, the alkaline (non-acid) powder, on your plates. Hold false teeth more firmly, so they feel more comfortable. Does not sour. Checks "plate odor" (denture breath). Get **FASTEETH** at any drug counter.

PORT EWEN NEWS

Port Ewen, June 13 — Mary Ann Thomas, daughter of Mr. and Mrs. Harland Thomas of Port Ewen entertained 16 guests at her home Sunday in honor of her ninth birthday. Miss Thomas was also guest of honor at a dinner at the Bowery Dugout on June 2 in observance of her confirmation.

Mr. and Mrs. Robert Adams are receiving congratulations on the birth of a daughter, Joyce

Ann, born June 7 at Benedictine Hospital.

Mr. and Mrs. Theodore Hoffman and daughter, Sharon Mary, who have been the guests of their uncle and aunt, Mr. and Mrs. Harry C. Jump, have returned to their home in Hensonville.

Mrs. Maurice Burgher and daughters, Karyl and Judy of Sidney, were weekend guests of Mrs. Burgher's mother, Mrs. Arthur Fowler.

Robert L. Sanford, son of Dr. and Mrs. L. E. Sanford, a student at Union College, Schenectady, has returned home for summer vacation.

Mr. and Mrs. Nicholas Schupeck have moved into their new home on Salem street, May Park.

The American Legion Little League farm team will be selected Saturday, June 16, at 2 p. m. at Ross Park.

The graduation of Grade 6 pupils of Port Ewen Schools 1, 13 and 15 will be held at the Town of Esopus Auditorium on Friday at 7:30 p. m. Stephen Hyatt, principal of Myron J. Michael School, will be the guest speaker. The public is invited to attend.

The Consistory of the Reformed Church will hold its monthly meeting at the church tonight at 8:30 o'clock.

The annual Village Fair, sponsored by the Port Ewen Methodist Church, will be held July 11-12.

A strawberry festival and cafeteria supper will be served at the Port Ewen Reformed Church hall tomorrow at 5 o'clock. Mrs. Arthur E. Oudemool of Kingston will present colored slides on a recent trip to Mexico. The public is invited to attend.

Novena to Our Lady of Perpetual Help will be offered at the Presentation Church tonight at 7:30 o'clock, followed by Benediction of the Most Blessed Sacrament and Confessions. Mass is celebrated every morning at 7 o'clock and Saturday at 8 a.m.

Groups 1 and 2 of the Blue Birds will meet at the Methodist Church house tonight at 6:30 o'clock. Mrs. Frederick Spalt and Mrs. Rita Brandt are leader and assistant leader, respectively, of Group 1. Miss Doris Ferguson is leader of Group 2 and Mrs. Martin J. Nilan is assistant leader.

The Ne Top Peu Troop of the Campfire Girls will meet at the home of Mrs. Kenneth Bovee tonight at 6:30 o'clock with Mrs. Sterling Atkins, leader and Mrs. Bovee and Mrs. William Ferguson, assistant leaders.

Boys of the Sunday school classes of Richard Winchell, Robert Graves, Mrs. Gen Tinney and Basil H. Potter of the Methodist Church will meet at the Sunday school room on Sunday at 10 a. m. They will proceed to the river for a worship service and an all-day outing. Each boy will bring his lunch, fishing equipment and swim trunks. Grilles will be set up for cooking. Wilson Tinney and Richard Winchell will be in charge.

June 20 is the last day that water rent may be paid in the Port Ewen Water District.

All members of the Dorcas Society are requested to meet at the Reformed Church hall tonight at 7 o'clock to set up tables for the strawberry festival.

About 15 million Americans buy vegetable seed every year.

Hunts Coming for Scouts

Among the many new features added to Hunt Bros. Circus which will appear here on Monday, June 25, at the Dietz Memorial Stadium, under the auspices of Rip Van Winkle Council Boy Scout Camp Committee, is the jungle bred trained lions.

Trained by David Hoover, the Hoover lions, performing in a safety designed steel arena, will provide many thrills for those who attend this year's performance.

Years of experience and training has given David Hoover a rare knowledge of these jungle beasts which assures the circus patrons a high class performance and variety of seemingly impossible feats by a group of wild animals such as the lion act. This is only a small part of the many new features incorporated in this year's presentation of America's favorite circus, second oldest in the world and second largest on tour.

Hunt's three-ring circus will give two performances on June 25, scheduled at two in the afternoon and eight in the evening. Tickets may be secured in advance of show date from adult leaders of the Boy Scouts, or at Shapiro's paint store on North Front street, O'Reilly's on John street, Yallum's at Broadway and East Strand, or the Scout office, 260 Fair street over Elston's. A percentage of the advance sale of tickets will go to the local Boy Scout camp fund, which affords the purchaser the opportunity to view a fine circus performance and to help the

Services Thursday

New York, June 13 (AP)—Funeral services will be held tomorrow for Ralph Morgan, 72, veteran actor of stage and screen. Services will be at noon at the Church of the Transfiguration, New York's famous "Little Church Around the Corner" long associated with the acting profession. Burial will be private. Morgan, who died at his home here Monday night, began his acting career in 1906. Illness forced his retirement 2½ years ago. He since had been under treatment for a "brain attack."

South No Longer Solid, Official Of NAACP Says

Monticello, N. Y., June 13 (AP)—A high official of the National Assn. for the Advancement of Colored People says "the solid south is no longer solid on the race problem and we can see a choosing of sides."

Thurgood Marshall, NAACP chief counsel, said last night that 8 of the 17 southern states "have demonstrated they are determined not to obey the law of the land."

The eight, he said, are Alabama, Florida, Georgia, Mississippi, North Carolina, South Carolina, Virginia and Louisiana.

"We have waited two years for the eight states to at least make a start toward eventual (public school) desegregation," Marshall said. "After two years... there can no longer be any reason to hope for a solution of this problem without the necessity of resort of the courts."

Marshall spoke at the annual convention of Brith Shalom, a Jewish fraternal organization. He received the group's 1956 humanitarian award.

Report 22 Arabs Slain

Algiers, Algeria, June 13 (AP)—The French said Nationalist rebels slew 22 Arabs last night in the Bou Andas Mountains southeast of Algiers. That is in the "Iron Gates" area where 500 rebels were reported killed or captured in a French offensive two weeks ago. The Nationalists count Arab friends of the French among their foes.

Named to State Post

Albany, N. Y., June 13 (AP)—Another Syracuse University faculty member, Howard F. Miller, was appointed today to a top post in the state budget division. Acting Budget Director Clark D. Ahlberg named Miller as administrative deputy of the budget division, at an annual salary of \$12,000. Miller, 35, an assistant professor of public administration, will take over the job on June 20, succeeding Donald G. Herzberg, who is resigning to become executive director of the Eagleton Foundation at Rutgers University.

Esopus Lions to Meet

It will be installation night as well as "ladies' night" for the Town of Esopus Lions Club Monday evening, June 18, when the club will hold a dinner meeting at Crazy Otto's, Port Ewen at 6:30 o'clock. Vernon Frost is in charge of reservations. William Stall will be toastmaster.

Motorist Is Killed

Buffalo, N. L., June 13 (AP)—James Donlon Jr., 23, of Tonawanda was killed today when his car skidded and overturned on Grand Island near here.

Peacocks were pampered pets at the court of Alexander the Great.

Medical Society
Meeting Reports

Chicago, June 13 (AP) — Some highlights today from the American Medical Association's 105th annual meeting:

The calm-down drug meprobarbital (tradename Miltown) helps

relieve aching muscles and stiffness in a number of ailments. It relaxes muscles, and benefitted a number of persons suffering from aches, pains and tortured movements due to rheumatism of the vertebrae, rheumatic trouble from poor posture, stiff neck, pains associated with chronic gout. Osteoarthritis of the hip and a bursitis of the shoulder.

Dr. Richard T. Smith and associates, Benjamin Franklin Clinic, Philadelphia.

How soon should a baby start on solid foods? It apparently depends to some extent on the age of your doctor. A survey finds young doctors tend to put the baby on solid foods early, but older doctors incline to keep babies on milk alone for the first six months. These older men, some of them teachers of pediatrics, say "infants fed on milk formula alone for the first six months seem to thrive as well as those given supplementary solid foods, even without the addition of iron or supplemental vitamins of the B complex." — Dr. M. G. Peterman, Milwaukee.

Allergies can be the cause of some stubborn ailments of the nose, throat and ears, including stuffy noses, recurrent sore throats, sudden short-lived colds, post-nasal drip, and ear infections. Taking "shots" against dust and pollens may help, but finding the offending food and avoiding it can often bring great improvements — Dr. S. C. Missal, Cleveland.

TILLSON NEWS

Graduation Exercises
Are Scheduled Monday

Tillson, June 12 — Graduation exercises for students of the eighth grade who will enter high school in the fall, will be held Monday at 8 o'clock in the Tillson School. Guest speaker will be Stephen Hyatt, principal of MJM School, Kingston.

William Dunn is the valedictorian of the graduating class, and salutatorian honors this year are shared by Carolyn Sarr and Margaret Sutherland.

The Glee Club will be heard and the band will render selections.

The last day of school will be Friday, June 15. On Thursday, a picnic will be given the students by the P.T.A. starting at 1 p. m. Mrs. G. Bond, local leader of the school Glee Club, said that the Ulster County Junior Musical Festival, held last June 9, was

very successful, and she hoped that next year both the band and Glee Club from Tillson will be entered.

Those taking part in the festival from Tillson included William Dunn, Patricia Hill, Janet Wakeley, Patricia Coddington, Bruce Hampshire, Holly Hutchins, Diane Deyo, Pamela Wooten, Barbara Sutherland and Margaret Sutherland.

Area Activities

Tillson, June 12 — Ladies' Aid Society of Tillson Reformed Church will hold its monthly meeting at the home of Mrs. Clifford Miller Saturday at 2 p. m. Mrs. Charles Romscho will be co-hostess.

The regular monthly meeting of the Commissioners of the Tillson Fire District will take place Wednesday night at the firehall. Kindergarten exercises for children who will enter the first grade next fall, will be held at the Tillson School Wednesday evening. The public is invited.

Tillson, June 12 — Several members of Tillson Christian Endeavor Society enjoyed a boat trip up the Hudson from New York to Bear Mountain Saturday.

Tillson, June 12 — Mr. and Mrs. Walter Born entertained at a party given in the honor of their daughter, Maureen, on her birth-

day Saturday. An outdoor hot dog roast was held and games

Banach, Susan Schultz, Johanna Cardinale, Susan Theis, Dorothy Patricia Hoffman, Deborah Kra-played. Children attending included Janice Sarr, Laverne Gail Muller, Cheryl Phillips, and Gerald Born.

WOODSTOCK NEWS

By RICHARD E. THIBAUT, Jr.

Motor Club Appoints Rules Committee

Woodstock, June 13 — Announcement has been made by Woodstock Motor Club that a rules committee has been appointed as follows: Doug Frankling, chairman; Phil Halzell, co-chairman; Mrs. Marion Gardner, Gus Lavy and Donald Rothrock. The committee has been formed for the purpose of reviewing all existing rules, by-laws and regulations as requested by the executive committee or by the general membership; to bring to the attention of the membership any conflicting, undesirable or otherwise impractical rule or regulation; to receive all new legislation of rules, by-laws and/or regulations and to investigate

these to ascertain whether or not they conflict with any existing rule, regulation or by-law.

The committee will also aid other committees in formulating rules or regulations peculiar to their formation and will also present to the membership all new rules, regulations, or by-laws after proper and adequate investigation has been carried out.

Winners of the Hide-Go-Seek Rally, held by the club on May 20, were announced as follows: Al Chant, driver and Robert Burgher, navigator, first place; Dennis Decker, driver and Leonard Coddington, navigator, second place; Wes Whitaker, driver and Fred Bramhall, navigator, third place. Points awarded for this event will be announced next month.

The Woodstock Motor Club will present the second annual

Concours and Car Capers on July 15

Members of the club have been extended an invitation by fellow member Don Grunauer in his capacity of vice president of the Rolls-Royce Owner's Club to attend the R-ROC annual meet on Aug. 11 in Cobleskill.

The meet is a big affair in the club and is responsible for bringing together anywhere from 40 to 50 Rolls-Royces in various stages of restoration. The event will take place at the Cobleskill Fair Grounds and admission is free.

The following new members have been welcomed into the club: John A. Bingham, Kingston; James R. Gregg, Phoenixia; Kenneth Kurtz, Shandaken; Richard A. Stolz, Kingston; and William D. Stolz, Kingston.

Harmony Hill Concert Series Begin July 9

Woodstock, June 13 — The first program of the summer series of Harmony Hill musical events will be presented Monday, July 9. Directed by A. Schimmerling, the program will include compositions by some prominent representatives of Twelve-Tone Music (Schoenberg, Webern, Steuermann, Ben Haim) performed by the Israeli born violinist Remy Shevelov and Russell Sherman, pianist.

This will be their first performance in Woodstock.

In compliance with Mr. Schimmerling's principle of promoting the unusual, the never or seldom heard music or musical lectures, other events will include a program featuring the development of Jewish music (Sephardic, Ashkenazi, Yemenite, Palestine folklore, and others) with the eminent authority Sholom Secunda as guest artist; an evening of Rumanian music (violin, piano, folk songs) a program of Polish music (Jarecki, Kassner, Rat-haus, Szymanowski, and others) with the Polish pianist Jan Gorbaty; a repeat performance of last season's program of Slavic folk music (Czech, Croatian, Serbian, Macedonian, etc.) with Schimmerling as lecturer and pianist and the singers Naomi Lieberman and Pamela Munson; the Philadelphia Trio with compositions by Sam Dresden and Hank Badings; and many others. Details will be announced.

All concerts will be given at the Maverick Concert Hall on Monday evenings at 8:30 p. m. (except the program of Rumanian music). This concert series will be presented as a public service, and no admission will be charged. It is hoped that the public will support this worthwhile enterprise and attend these concerts regularly.

Outgoing P-TA Head Reports at Meeting

Woodstock, June 13 — James Kinns, president of the Woodstock P-TA, spoke at the final meeting of the season at the school recently. He expressed thanks on behalf of the school and the P-TA to the Woodstock Garden Club for arranging and supplying the flowers for the graduation exercises which will be held at the school auditorium Friday, June 22.

The Garden Club is also making the corsages for the girls and the boutonnières for the boys at the graduation dinner at Deanes on June 15. An appeal has been made by the Garden Club for donations of flowers to be used in the decoration of the auditorium for the graduation ceremonies.

The school shop class has constructed all of the trellises to be used for the display of flowers at the graduation.

Mr. Kinns introduced Leon Carey the newly elected president of the PTA, who will preside next year. It was explained that the group fully approves of the idea of electing a parent to office, who does not presently have a child in school. Mr. Carey's son Lee is a former graduate of the Woodstock School.

During the introduction of Mr. Carey it was recalled that Mr. Carey arrived in Woodstock 50 years ago on Ed Houston's stage coach. Mr. Carey congratulated Mr. Kinns for working so hard "with so little cooperation."

It was emphasized at the meeting that parents of school children must get along together and work together. Mr. Carey said that lack of cooperation doesn't hurt the PTA, it hurts the children.

Two new members were welcomed. They were Mrs. Barbara Marcato and Mrs. Herman Christiana.

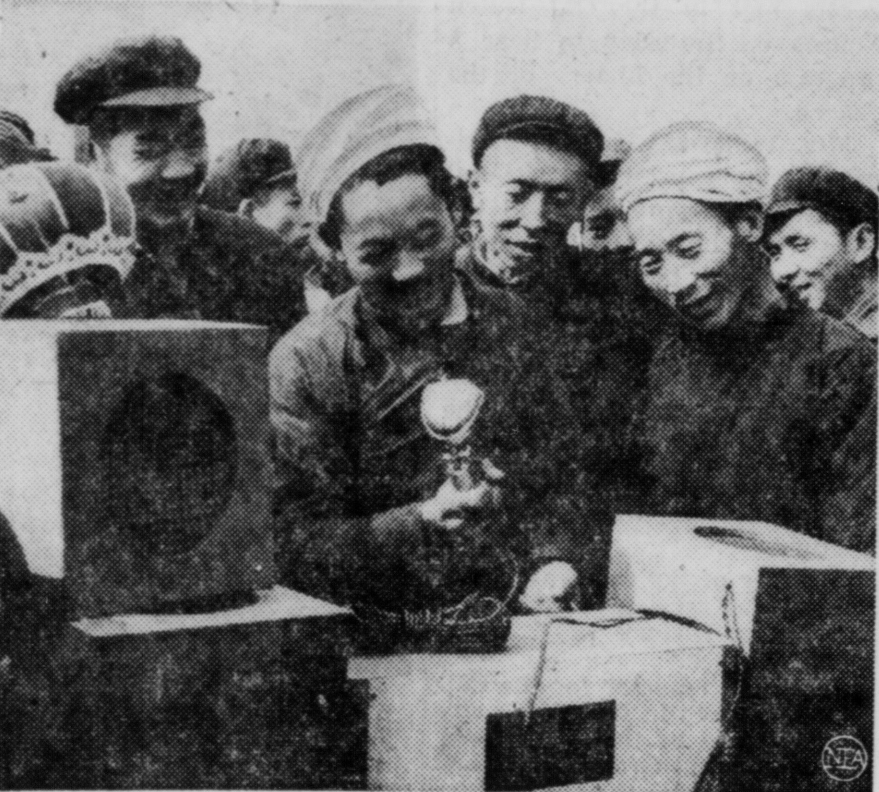

Mr. Carey said that meetings will start, hereafter, at 8 p. m. The first meeting of the fall term will be held the first Thursday in September.

Information Center Opening Announced

Woodstock, June 13 — The Information Center operated by the Woodstock Business Association opened for the season Friday afternoon. Throughout June the center will be open Friday, Saturday and Sunday, and every day in the week during July and August.

It will again serve as a point where visitors to Woodstock will be able to stop and obtain information about places in the village such as restaurants, shops, theatres, concerts, the tailor, the cleaner, etc. All questions will be answered to the best of the ability of the attendant who this year will be Mrs. Owen.

Readers who are interested may obtain a copy of the Woodstock Business Association's brochure, "Invitation to Woodstock," by sending a post card

VOICE OF CHINA—Peasants in Chungking, China, appear amused by the strange broadcasting apparatus they received as a gift from a group of Red Chinese steelworkers in the city. These rice farmers, whether they need it or not, will soon have a radio station of their own.

to Ed Bauman, secretary, P.O. Box 332, Woodstock.

Zena Gallery Makes Plans for 12 Shows

Woodstock, June 13 — Zena Gallery, which will be located this summer above the "Nook Restaurant" plans an exhibition season of 12 shows, each of one week's duration.

The first exhibition, a group show of paintings and sculpture, will open Sunday with a reception for the public from 3 to 6 p. m.

In addition to the group exhibitions there will be a number of one-man shows which will be announced later.

Christian Science Service Scheduled

Woodstock, June 13 — "Is the Universe, Including Man, Evolved by Atomic Force?" is the subject of the lesson-sermon to be read at the Christian Science services Sunday in Woodstock.

Man's God-given dominion over material laws and limitations will be set forth in read-

ings from the King James version of the Bible and from "Science and Health with Key to the Scriptures" by Mary Baker Eddy.

Will Begin Maverick Concerts on July 1

Woodstock, June 13 — As part of the Woodstock Festival of Music and Art, the 41st season of the Maverick Sunday afternoon concerts in Woodstock, one of the oldest and most famous chamber-music series in the United States, will be launched this year on Sunday, July 1, and continue for 10 consecutive Sundays through Sept. 2.

Many of the country's outstanding musicians and soloists will present an impressive variety of programs featuring classical, romantic and contemporary chamber music.

Such well-known chamber music organizations as the Claremont and Kohon String Quartets, the Koutzen, Wolman and Kohon Trios, a new Woodwind Quintet under the leadership of famed clarinetist Philip Fatt, as well as a number of renowned individual artists like pianists

Isabelle Byman, Jacqueline Marcault and Ilse Sass; violinists Gabriel Banat and Leonid Bolontine; violinist Harry Zaratzian, cellist Cynthia Eddy, flutists Julius Baker and Christine Nazzi and many others are scheduled to participate.

The management hopes to make this season the most brilliant one in the history of the Maverick Sunday afternoon concerts.

Blocks of 10 tickets, valid at any of the 10 concerts, are now available through Houston Richards of Woodstock or through the Woodstock Information Center. Single tickets can be obtained at the box office the day of each concert.

Allen Organ Receives Attention in New York

Woodstock, June 13 — Mrs. Norma Champanier, who recently gave a concert for the dedication of the new Allen electronic organ which was installed in memory of the late Mildred Todd at the Dutch Reformed Church, reports that the Allen organ is the object of attention in New York City. Three thousand organists are expected to attend the concert of Wednesday night, June 27, at Lewisohn Stadium, which will be in honor of the American Guild of Organists' 60th anniversary national convention. The Guild's program committee decided to install a two-manual Allen electronic organ for the concert at which outstanding organists will be heard.

Village Notes

Woodstock, June 13 — The final card party of the season will be held at Zena Country Club, Saturday at 8 p. m. Home made refreshments will be served. The committee has announced that the card parties will resume in the fall.

The annual meeting of members of the Woodstock Library will be held Thursday, at 8 p. m., at the library. Only those who have paid membership dues in 1956 are eligible to vote.

Mr. and Mrs. Lamont Marvin of Bearsville have returned word from their son and daughter-in-law, Mr. and Mrs. Lee Marvin of Hollywood, that they became the parents of a daughter, Cynthia Louise, born June 8, at St. John's Hospital, Santa

Monica, Calif. She weighed seven pounds, seven ounces.

The Lee Marvins have two other children, Christopher and Courtenay. Lee Marvin, who is a well known motion picture and TV actor, was scheduled to begin work on the picture "Rain-tree County", but the film has been postponed until July owing to the recent accident suffered by the star, Montgomery Clift, who is now recovering.

In the meantime, Lee Marvin will go to La Jolla, Calif., to star in the Playhouse production there of "Bus Stop" which goes into rehearsal June 19.

Dr. James T. Shotwell's poem "Walter von der Vogelweide" set to music by Woodstock composer H. A. Schimmerling, was sung by Henry Cordy on June 10 at the Munich radio station. The American contemporary composers. The program will be repeated in Frankfurt, Hamburg, Wiesbaden and Zurich.

Ed Bouman went to New York Sunday to address the graduation class of a Sunday school, of which he was chairman for 18 years before moving to Wood-

stock. Another Woodstocker, Kermit Schwarz, graduated from the same Sunday school.

Mr. and Mrs. Albert Balink of New Canaan, Conn., were the recent guests of Dr. and Mrs. A. E. Solomon. Mr. Balink is the editor of Knickerbocker magazine in New York city.

HOWDY-DO!

I just want to give you the usual warning against imposters who may represent themselves as Central Hudson Gas & Electric Corporation employees.

All of my co-workers, our Commercial Representatives, Service Men and Meter Inspectors carry official identification cards. They are O.K.

If, however, you are not fully convinced that the person who seeks admittance is one of my co-workers, don't admit him until you have called the nearest Central Hudson office to make sure.

Sincerely,

Reddy Kilowatt

Stone Ridge Grange Flower Workshop Set For June 30 Date

The Stone Ridge Grange will hold a workshop in flower arrangements and a food sale on June 30 at the Stone Ridge Grange Hall at 10 a. m.
Miss Helena Olds of New Paltz, a former judge of flower shows in this vicinity and well-known to flower lovers of this area, will be in charge of the workshop.
Interested persons are requested to bring their favorite flowers cut with long stems, flower holders and vases. Miss Olds will give individual attention to each arranger. The completed arrangements will be left on exhibit for the afternoon for all to enjoy.
The Service and Hospitality committee consisting of the Mmes. Smith, Mack, Newkirk will be in charge of the food sale which will offer a variety of baked goods.

Lasher Completes Studies at New York Military Academy

CADET LANCE LASHER

(Don Donato photo)
Cadet Lance H. Lasher, son of Mrs. Lauren K. Lasher of 295 Albany avenue and the late Mr. Lasher, was graduated on Saturday, June 9, from New York Military Academy, Cornwall-on-Hudson.
During his attendance at the Academy Cadet Lasher attained the rank of Cadet Sergeant. He was a member of the Band and sang with the Chapel Choir.
He was awarded medals for good conduct, neatness and order and the choir key.
Cadet Lasher plans to enter Hartwick College in September.

Local Resident Takes State Chairmanship Of Honor Society

Mrs. Dorothy Buehring, a member of the teaching staff of George Washington School, has accepted the Pi (New York) State chairmanship of the Research and Pioneer Women Committee in the Delta Kappa Gamma Society for the next biennium, Miss Virginia Fitz Randolph of Yonkers, Pi State president announced.
Delta Kappa is a National Honor Society for women teachers. Membership by invitation is extended to women teachers who have given distinctive service in their field of education. Individual membership in the society is based on a minimum of five years of successful teaching experience and general chapter membership is limited to one-tenth of the women educators in the city or county in which the chapter resides.
As state chairman, Mrs. Buehring will appoint a committee of members from various chapters within New York to assist her. Formal work in committee sessions will commence in this area following the special committee workshop to be held at the Corinthian Club in Syracuse on September 15.

Historical Society Hears Background On Old Dutch Church

Members of the Ulster County Historical Society and their guests met in the Old Dutch Church on Saturday to hear a program on the history of the church.
Mrs. Willard A. Burke, musical director, presented several hymns which were in use at the time the church was founded and are still included in their hymnal. These were "Song of Thanksgiving," a Netherlands folk song of 1625; "Veni Emanuel," Latin antiphonal of the 12th century; a passion hymn of 1200; Easter hymns and hymns of praise from the early 17th century.
Speaker of the day was Harry Rigby of Kingston, whose subject was "History of the Old Dutch Church."
In 1628 a minister for the Collegiate Church in New York City was installed by the government of Amsterdam. Ordained deacons were sent out by the Dutch East India Company to act as religious leaders, permitted to hold limited service, and other groups were led by laymen who led hymn singing but could not conduct services. The first services in Esopus were held in private homes. Finally land within the stockade, given by the Indians to Peter Stuyvesant, was turned over to him for a church site, a house of logs was built at what is now Main and Wall streets, and the settlers urged the classis of Amsterdam for a minister. Hermanus Blom in 1660 became their first minister, the first service being held on September 10 of that year, and the first Communion on the day after Christmas was attended by 23 persons. Services were conducted in the Dutch language until 1808 when the English language was used.
The Kingston church, Mr. Rigby pointed out, is antedated only by the Dutch churches in New York, Albany and Flatbush, and has been instrumental in the founding of 32 other churches.
The present edifice, built in 1852, designed by Minard Le Fevre, is noted for beauty of design and proportions. Its ceiling is copied from St. Paul's Church in London, and its steeple from Trinity Church in New York City.
Rich in tradition, the church is young in ideas for continued service to the community.
For the occasion, the society had on exhibition the silver communion beaker presented to the church in 1683 by Queen Anne of England, and one designed by Benjamin Wynkoop in 1711, the old silver seal of the church, all of which had been brought from the Metropolitan Museum in New York City where they are on exhibition; also the original charter given George I in 1719; and original letter from General George Washington and the original church records written by hand in archaic Dutch, and several old portraits.
Mrs. Charles Fogg was assisted at the tea which followed the meeting by Mmes. John L. Mackinnon, John E. Sterley, and Mortimer Downer, all of Kingston. Mrs. Leon Smith and Miss Helen Elting, both of New Paltz, poured.

Temple Emanuel
Annual Temple Emanuel Outing will be held Sunday at Turkey Point Camp, near Ulster Landing. Entertainment is planned for the entire family and a full course dinner will be served at 5 p. m. Reservations may be made with Mrs. Ben Silverman.

Jacqueline Amato Completes Journalism Study at University

JACQUELINE AMATO

On Sunday, June 3, Miss Jacqueline Amato, daughter of Mr. and Mrs. Frank Amato, 96 Prince street, was graduated from St. Bonaventure University with a bachelor of arts degree in journalism.
Miss Amato, a graduate of St. Ursula's Academy, completed a four year course of study in three years.
While at college, Miss Amato was president of the Women's Council and was on the staff of the school newspaper, "The Bona Venture," as a feature columnist.

Joyce Officers, Men Compliment City Treatment

A telegram from personnel of the USS Joyce which visited Kingston during the Memorial Day holidays has been received by Mayor Frederick H. Stang expressing appreciation to the city for courtesies extended during its four-day stay.

The 305-foot destroyer escort, now on radar picket duty with the Atlantic Fleet, is commanded by Lt. Cdr. Norman C. Bohan, son of Mr. and Mrs. Thomas Bohan of Ulster Park.

The telegram follows: "The commanding officer, commissioned officers and men of the USS Joyce wish to extend their sincere thanks to you and the city of Kingston for a most enjoyable and hospitable visit over the Memorial Day holidays. We will always treasure happy memories and new friends found."

The ship departed Kingston on the morning of June 1 to return to base—Newport, R. I.

Mrs. Arthur Schnall Honored at Shower

Trip to New York Planned
Mrs. David Zebree of the Parents' Association of St. Ursula's has completed final arrangements for a bus trip to New York Saturday, June 16. Buses will leave the Trailways Bus Terminal at Pine Grove and Broadway at 7:30 a. m. They will take passengers directly to St. Patrick's Cathedral where a solemn Pontifical Mass will be celebrated by the Most Reverend Joseph F. Flannelly, DD, to commemorate the 350th anniversary of the Society of St. Ursula of the Blessed Virgin. The return trip will start at the Dixie Terminal at 7 p. m.

\$500,000 Damage Caused by Fire At South College

Morgantown, W. Va., June 13 (AP)—Fire destroyed the engineering department building at West Virginia University early today. The roof and floors gave way with a roar at the height of the blaze, which left most of the large brick structure a gutted ruin.

Nearby buildings were threatened but not damaged. No one was hurt.

THE BUILDING, Mechanical Hall, housed the university's mechanical, electrical and aeronautical engineering departments.

Damage was unofficially estimated at close to \$500,000.

Cletis Pride, assistant director of the university's bureau of information, said as far as he knew there were no explosives in the hall.

Pride said the fire threatened the nearby university armory but never actually set fire to it, and also narrowly threatened a temporary wooden building only 15 feet away.

CAUSE OF the blaze was not immediately known.

Dr. Irvin Steward, university president, said immediate plans were being made to provide facilities for engineering instruction so no student would have an interruption of his studies.

Committee Votes 7-0 to Launch Robeson Charges

Washington, June 13 (AP)—The House committee on un-American activities formally voted 7-0 today to start contempt of Congress proceedings against Negro singer Paul Robeson.

IN A STORMY session yesterday, Robeson refused to say whether he is a Communist and called the committee members "bad Americans."

The committee also voted unanimously to start contempt proceedings against Clark Foreman, New York director of the Emergency Civil Liberties committee, for failure to hand over his passport as directed by a subpoena served on him.

In another unanimous vote, the committee decided to refer the testimony of Leonard Boudin, New York attorney, to the justice department for determination of possible perjury arising from Boudin's qualified denial of membership in the Communist party.

THE COMMITTEE voted to defer action on Otto Nathan, New York university professor and executor of the estate of Albert Einstein, for his failure to turn over his passport.

All of the men appeared before the committee yesterday in its inquiry as to whether American passports have been used as travel documents in furthering the Communist conspiracy.

MRS. GEORGE FRANCIS NEWTON

(Photo Workshop)

Susan Gruver, George Newton Are Wed In Church of the Holy Cross June 9

Miss Susan Booth Gruver, daughter of Mr. and Mrs. Richard Osborne Gruver of 9 Orchard street, Hurley, became the bride of George Francis Newton, son of Mr. and Mrs. George Newton of 82 Connection street, Newport, R. I., Saturday, June 9, 3 p. m., at the Church of the Holy Cross. The Rev. Gordon A. Taylor, performed the ceremony.

At the organ was Walter Kidd.

The bride was given in marriage by her father. She wore a full length gown of white crystallette styled with a scoop

neckline with a cuff which dipped to a "V" in the back and terminated in a bow. The gown featured a princess style torso and the bouffant skirt had a rolled cuff at the hipline which terminated in a wide bow at the hemline. The bride's fingertip veil was secured by a circlet of crystallette. Miss Gruver carried a colonial bouquet of white and yellow gladioli, baby's breath and short streamers of ivy.

Maid of honor was Miss Gwendolyn Yvonne Kinley of Chesterville, Maine. She was attired in a cocktail length mint green gown of rayon acetate. The strapless gown, with matching stole, featured bows at the neckline and hemline.

Her headpiece was a circlet of yellow daisies and she carried white and yellow gladioli and daisies.

Best man was Daniel G. Kotok of West Hartford, Conn., and Joseph J. Fluhr of Long Island was the usher.

Following the ceremony, a reception was held at the home of the bride's parents.

Miss Gruver is a Kingston High School graduate. She attended the University of Florida and Boston University.

The bridegroom is a graduate of Rogers High School, Newport, R. I. and received a BS degree in education from Boston University.

For her wedding trip south, the bride chose a shantung sheath dress of Wedgewood blue, white hat and accessories and a white rose corsage.

Eastern Star

Last meeting of Kingston Chapter No. 155, OES, will be held at 8 p. m. Friday in Masonic Temple. A covered dish supper will be served. All members of OES and Masonic lodges are invited.

Home Extension Service News

The Council of Chairmen of the Home Demonstration Department of the Ulster County Extension Service Association held their meeting recently at the Stone Ridge Grange Hall in Stone Ridge. Mrs. Carl Dedy of Lomontville, chairman of the council, presided at the meeting. Plans were discussed for completing the 1956-57 unit programs. The home demonstration agents went over all program materials and made announcements regarding the program. Miss Hazel Steed of the Ulster County Tuberculosis and Health Society was present and told of the films and other health resources that can be utilized in unit programs. Mrs. John Konik reported on the Ulster County Fair plans and urged home demonstration units to exhibit. The Ulster County Fair will be held on August 15 and 16. Brief reports of district achievement days were given by the chairman of each district. Mrs. Guy Torson, Highland; Mrs. Isaac Smallen, Woodstock; Mrs. Elliott Kantor, Ellenville; Mrs. George Topple for Saugerties and Mrs. Merritt Kiff for West Hurley. Mrs. David Bell of Milton reported on plans for the June 26 meeting of unit vice chairmen.

The County Home Demonstration agent, Miss Everice Parsons, announced plans for the evening county-wide meeting on rock formation to be held on June 28 at the Cragmoor Firehouse at 6 p. m. Everyone interested in rock formation in the county is urged to attend, to bring their families and friends and a picnic lunch.

Mrs. Millard Davis of Kerhonkson, chairman of the executive committee, explained in detail the completion of unit programs and the importance of getting these to the office by July 1.

The new officers for the council were elected for 1956-57. Mrs. Fred Hammer of Walker Valley, chairman; Mrs. John Konik of Flatbush, vice chairman; Mrs. W. Adams of Hurley Heights, secretary.

Dates of district achievement days were set by each district with the help of the executive committee sponsor. At noon a lunch was served by the ladies of the Stone Ridge Grange Hall. Mrs. Ernest Smith of Lyonsville acted as chairman of the luncheon.

DAR Group Urges Display of American Flag Here Thursday

Display of The American Flag is urged Thursday by the Junior Committee of the Daughters of the American Revolution in the following press release sent to The Freeman today:

June 14th is Flag Day. It was established officially as Flag Day 39 years ago by the presidential proclamation of President Woodrow Wilson.

His proclamation was, "Let us on that day rededicate ourselves to the nation, one and inseparable from which every thought that is not worthy of our fathers' first vows in independence, liberty, and right shall be excluded and in which we shall stand with united hearts, for an America which no man can corrupt, no influence draw away from its ideals, no force divide against itself."

The Flag is a symbol of our great nation.

The Red proclaims the courage which men and women of America have always shown; the Blue stands for loyalty, loyalty to the nation through thick and thin, and White stands for liberty.

At the time of its adoption George Washington said, "We take the stars from heaven, the red from the mother country, separating it by white stripes, thus showing we have separated

from her, and the white stripes will go down to posterity representing liberty."

When The Flag is displayed in a manner other than by being flown from a staff, it should be displayed flat, whether indoors or out. When displayed either horizontally or vertically against a wall, the union (stars) should be uppermost and to the left when observed.

Let us observe this day by displaying The Flag.

Catherine Murray Engagement Is Told

The Rev. and Mrs. Clarence C. Murray of Willow announce the engagement of their daughter, Miss Catherine Jeanne Murray to Alfred Ostrander, son of Mr. and Mrs. Harry Ostrander of Willow.

The bride-elect is a graduate of Mont Pleasant High School, Schenectady and is employed at the General Electric Research Laboratory.

Mr. Ostrander, a graduate of

Kingston High School, attended by Smith's Trucking Co., Cornell University and is employed in this city.

Brooklyn Man Is Held for Jury In Assault Case

Nils Eric Bergvist, 32, of Brooklyn, who was arrested Monday night by Trooper Jack Ripa of the Kingston state police on a charge of assault first degree, waived examination Tuesday and is being held for the grand jury.

He was arraigned before Justice of the Peace Millard Davis

of the town of Ulster Tuesday afternoon.

Mr. Bergvist was arrested after he allegedly attempted to run down the trooper in the Staples brickyard section of East Kingston. Trooper Ripa had been dispatched to that area following a report that a man had "gone berserk," was breaking into houses and knocking children down.

As he attempted to arrest the man Mr. Bergvist darted into his car and drove straight at the trooper who dived out of his path, entered his patrol car and gave chase at speeds ranging up to 80 miles an hour. He overtook Mr. Bergvist near Route 9W and was forced to subdue the man when he resisted arrest and swung at the trooper, it was reported.

Coal Industry May Be Entering Its Golden Years

Washington, June 13 (AP)—Members of the once-ailing coal industry were told today it may be entering its "golden years."

President L. C. Campbell said in remarks prepared for opening of the National Coal Assn. convention that coal's quick recovery from its doldrums two years ago may herald a new era.

Campbell said "increasing awareness on the part of the coal industry itself, as well as federal and state governments, transportation interests and

coal's customers," brought renewed hope.

Campbell noted that coal production increased from 392 million tons in 1954 to 470 million in 1955. He spoke of predictions of a 500 to 520 million ton total this year.

SAYING THAT increasing demands for coal are a "challenge to the industry," he cautioned that "in a vast extractive industry like the coal industry, replacement of plant, obsolete equipment, and expansion of capacity must be met with adequate financial return."

Campbell said the absence of industrywide coal strikes has helped the industry make its supply dependable. He applauded union efforts to end local wildcat strikes as "a healthy gesture for the security of jobs in the industry."

In another prepared address, Tom Pickett, executive vice president of the association, said the coal industry can expect to share fully in the rapidly expanding market for energy.

"COALS VAST reserves, far exceeding those of competitive fuels, are expected to supply an increasing share of the energy requirements to power the nation's progress," Pickett said.

Pickett said coal's future is brightened by a growing need for energy for electric generation, for steel production, for general industry, and the demand for coal as a raw material for chemicals and synthetics, and for conversion into liquid and gas.

Another speaker, F. F. Estes, executive secretary of the Coal Exporters Assn., said in prepared remarks that England, France, Holland, Germany and Italy are major customers in the present booming coal export market.

EACH OF THOSE countries, he said, has taken more than 10 million tons of bituminous or anthracite coal since the beginning of this year.

Estes said exports since last July have averaged 3½ million tons a month, or an annual rate of 42½ million tons, approaching the record set in 1947.

Former Massachusetts Governor Dead at 75

Westfield, Mass., June 13 (AP)—Joseph B. Ely, Democratic Governor of Massachusetts from 1930 through 1934, died early today at his home.

The 75-year-old Ely succumbed six months after he underwent an operation for a brain tumor in a Boston hospital.

With him at the time of death was his only child, Richard, a resident of Weston.

Ely also leaves three grandchildren; one great grandchild; a sister, Mrs. Edwin W. Smith of Westfield, and a brother, Charles F. Ely, also of Westfield.

A graduate of Williams College and Harvard Law School, Ely entered politics in 1916 when he was elected district attorney in the western district of Massachusetts.

Treasury Receipts

Washington, June 13 (AP)—The cash position of the treasury June 8: Balance, \$4,761,985; 275.46; deposits fiscal year July 1, \$63,825,649,061.40; withdrawals fiscal year, \$67,262,182,026.05; total debt, (x) \$276,475,958,846.06; gold assets, \$21,796,337,785.47; (x)—includes \$465,321,562.30 debt not subject to statutory limit.

5,000 Poppies Are Sold by VFW Auxiliary

Sale of more than 5,000 Buddy Poppies was reported at the regular meeting of Joyce-Schirrick Auxiliary 1386, Veterans of Foreign Wars, held Tuesday evening.

A report on the recent district encampment also was given at the meeting.

THE AUXILIARY expressed its thanks to the people of Kingston for their generous support of the Buddy Poppy sale, proceeds of which aid veterans' relief work.

It was announced that a supper will be held June 23 under the auspices of the Youth Activities Committee for the benefit of St. Mary's CVO. Tickets may be purchased from any member.

Despite inclement weather, the District 2 VFW encampment held in Kingston on June 2-3 was termed "very successful."

DINNER WAS served under the auspices of the Military Order of the Cootie. Those attending included District Commander James Donovan of New York city and District President Mrs. Paul Herman of Calicoon together with several other department and district officers.

Auxiliary members served breakfast at the post home on Sunday, June 3. Mrs. Jacob Senor was chairman.

Attorney Hubert Richter was the guest speaker at an open meeting held that morning. Delegates then paraded to the Knights of Columbus Hall for their business meeting, led by the newly-formed Joyce-Schirrick Fire and Drum Corps.

ELECTION OF officers and a business meeting followed with delegates present from Hudson valley counties, including Dutchess, Putnam, Westchester, Bronx, New York, Richmond, Rockland, Sullivan, Orange and Ulster.

Mrs. Sidney Lane, of 8 Barmann avenue, first president of the local auxiliary, was elected president and will be installed at the Department of New York encampment to be held in Elmira at the end of June. Mrs. William Jordan, of 113 Spring street, was appointed secretary. A donation of \$200 was made to the post.

Cigarette Production

Richmond, Va. (AP)—Richmond cigarette factories produced 110,122,000,000 cigarettes in 1955 for the third highest total in the city's history. It was the 13th straight year Richmond factories have turned out more than a hundred billion cigarettes.

Pays \$25 in Fines

Robinson L. Rider, 21, of 75 Lounsbury Place, who was arrested June 6 by Kingston state police on two counts—operating a motorcycle at a dangerous speed and carrying three persons in one seat—paid a total of \$25 in fines on Tuesday when arraigned before Justice of the Peace Harold E. Macholdt of the town of Ulster. He was fined \$15 or 15 days on the dangerous speed charge and \$10 or 10 days on the second count. Both fines were paid.

12 Are Indicted

New York, June 13 (AP)—Twelve alleged racketeers were under indictment today charged with muscling in on the pickle industry for a shakedown which forced manufacturers to hike consumer prices a million dollars annually. Named in the indictments returned yesterday by a federal grand jury were industry executives connected with the New York Pickle and Concomitant Dealers Assn. Inc. and two locals of the Concomitant and Table Supplies Union.

OFFICE CAT

Trade Mark Reg. By Junius

Fast Start
(The Wall Street Journal)
An owner from the west showed up at Churchill Downs with an 8-year-old horse that had never been in a race before and entered him in an important event. The unknown was hardly a betting attraction, and he was off at \$138.50. He galloped home first by 10 lengths.

The officials, puzzled, demanded, "Why haven't you raced this horse before? Why did you wait until he was 8 years old?"

"Well, to tell you the truth," said the owner, "we couldn't catch him until he was 7."

Alabama restaurant, obviously out to corner the entire market, has a window sign that reads: "Confederate Cooking—Yankee Style."

A well-known society performer volunteered to entertain a roomful of patients of the Colney Hatch Lunatic Asylum, and made up a very successful little monologue show, entirely humorous. The audience in the

main gave symptoms of being slightly bored, but one highly intelligent maniac saw the whole thing in proper light and, clapping the talented actor on the shoulder, said:

Maniac—Glad you've come, old fellow. You and I will get along fine. The other dummies here are so dashed dignified. What I say is if a man is mad he needn't put on airs about it.

It's stupid to worry about getting even with a man if you're going to have to stoop to his level to do it.

When General Leonard Wood was a small boy he was called on in the grammar class.

Teacher—Leonard, give me a sentence and we'll see if we can change it to an imperative mood.

Leonard—The horse draws the cart.

Teacher—Very good. Now change it to an imperative.

Leonard—Get up!

Spring

They speak of youth's bliss And flowers in bud, But somehow they miss All mention of mud.

—Gene Sperry.

Harriman, Adlai Supporters Agree To Stay Friendly

New York, June 13 (AP)—Top New York state backers of Gov. Averell Harriman and Adlai E. Stevenson have agreed to remain friendly rivals in the campaign to win the Democratic presidential nomination for their candidates.

THEY SAID they endorsed a friendly campaign so as to assure the eventual nominee of united support from New York Democrats after the party's national convention.

The understanding was reached yesterday at a luncheon attended by Carmine G. DeSapio, Democratic national committeeman and Harriman backer; Thomas K. Finletter, chairman of the New York State Committee for President Stevenson; and Alex Rose, vice chairman of the Liberal party.

THE LIBERAL party, which exists only in New York state, has not announced support for any candidate. The Liberals backed Stevenson in 1952.

DeSapio, Finletter and Rose issued this joint statement:

"While there are supporters in New York state for both candidates, for Gov. Harriman and (former) Gov. Stevenson (of Illinois), our objective is to maintain maximum unity in our ranks so that the nominee of the Democratic convention in Chicago will have united support in New York state."

Atomic Power

nary tooth x-ray gives an exposure of five thousandths of a roentgen.) Up to age 40, accumulated radiation should not exceed 50 roentgens.

This scale is based on statistics showing about half of the children in the United States are born to parents under 30, nine-tenths to parents under 40.

The report said a fallout that hit the Albany-Troy, N. Y., area after an A-bomb test in Nevada amounted to one per cent of the amount of radiation that would be considered harmful to reproductive capacities.

The report did not say when the fall-out occurred but two scientists at Rensselaer Polytechnic Institute said that it was in May of 1953.

Herbert M. Clark, professor of physical and nuclear chemistry at RPI, noted that the school reported the presence of the radiation to the public at that time.

The academy said that "it is unlikely, of course, that a single region would be so unlucky more than once."

The report gave hydrogen bomb tests a relatively clean bill of health on radiation menace. Weaver said contamination as a result of fall-outs from tests, if continued at the present level with present type weapons, "does not constitute one of the major radiological risks for mankind."

Also, the scientists once more attempted to scotch a belief in "quarantined" nuclear weapons tests as influencing weather. The report said that "no evidence has been found which indicates that the climate has been in any way altered by past atomic and thermonuclear explosions."

The academy report had considerable to say about the future in the industrial atomic field.

"At the present time, atomic reactors are not a factor in the general radiation picture," it said.

State Has . . .

development of the city under a master-plan system.

THE CITY, as such, he said could not participate under the program mentioned in today's Albany announcement because that was for communities under 25,000 in population, but he felt that later cooperation between the city and the town of Ulster would be possible.

Alderman James K. Ryan, 10th ward, earlier this year proposed that some steps be taken toward possible coordination of both planning programs.

Fred Clarke, of Rye, a former Kingston resident and nationally known planning consultant, will be in charge of the town of Ulster project.

Percy Bush, the township's supervisor, today noted that the planning problem was an unusual one due to the town's growth within the past year.

Growth there, he said, has been on a virtual "over-night" basis, and the town is expected to continue growing at a high rate of development under influence of the IBM plant, the thruway and the Kingston-Rhinecliff Bridge.

IBM Chorus Will

ers, Margie A. Boyce, Bernadette E. Lawler, Linda A. Netherwood, Jacqueline A. Sutter and June J. Overbaugh.

Tenor section—Charles A. Selzo, Ralph E. Dennis, Donald E. Boyce, John E. Breithaupt and Angelo J. Corrado.

Bass section—Arnold C. Adams, Chester A. Dolson Jr., Joseph E. Sills Jr., Clarence E. Beehler Jr., Harry J. Freer Jr., and Alan W. Sparks.

Elinor E. Stanski is the accompanist.

Ike Concern Noted

Washington, June 13 (AP)—Harry P. Cain said today President Eisenhower showed "deep concern and interest" in Cain's proposals for overhauling the government loyalty-security program. Cain, in further testimony prepared for a Senate Judiciary Subcommittee on Constitutional Rights, charged that "Fascist" type abuses have marked the program to an extent where application for a federal job he said "becomes a terrifying and inhumane trap."

Chamber Opposes

chased for use in the Chamber office, as authorized at a previous meeting, and stated that delivery should be made soon. Mr. Rylance was also appointed chairman of a special committee to arrange for new office quarters as those now being used must be vacated. Others named to this committee are William R. Stall, Benson Krom and Martin Comeau.

The design of a cast bronze plaque which will be presented to the IBM Corp. at the Kingston plant dedication on June 30 was exhibited. President Silkworth was also named to represent and speak for the Chamber in the dedication program. Robert P. Crago, a director of the Chamber and general man-

ager of the IBM plant here, also invited all directors to attend the dedication ceremony. Congratulatory advertising was also authorized to appear in special editions of the Kingston Daily Freeman and the weekly Kingston Ulster Press.

Upon the favorable recommendation of the national legislative affairs committee the board of directors voted yes on the International Trade Refund being conducted by the Chamber of Commerce of the U. S. This favored participation in the Organization for Trade Cooperation, usually referred to as the OTC.

Mayor Frederick H. Stang and Chester Diffley, recently elected president of the Junior Chamber of Commerce, both ex-officio members of the board of

directors, were present and spoke briefly.

This was the last regular meeting for the summer season. Unless a special meeting is called by President Silkworth the full board of directors will not meet until September. In the interim business will be taken care of by the executive committee.

Lost Recruit

Oklahoma City (AP)—Marine Recruiter Ralph D. Coffman was delighted to get a letter asking about his branch of the armed forces. The prospect sounded so promising he drove the 85 miles to Holdenville to talk to Clifton House about signing up. Coffman had to turn House down, however. He was just 9 years old.

British Move Out

General Is Last to Quit Suez Canal

Port Said, Egypt, June 13 (AP)—The last British soldier quit the Suez canal zone today, ending 74 years of British military occupation in Egypt.

The last to leave was Brig. J. H. S. Lacey, who quietly handed over the Port Said Harbor Navy House to the Egyptians at 6:25 a. m.

LACEY BOARDED the British LST (landing ship tank)

Evan Gibb and with 10 officers and 80 enlisted men sailed for Famagusta, Cyprus. They were the last of the British Canal Zone garrison, which two years ago numbered 85,000 men.

The Union Jack was lowered for the last time in the zone at 6 a. m. yesterday. Egypt has taken over operation of the huge bases the British built in the area. Britain retains the right to return to them at any time in the next five years if an outside power attacks Turkey or any Arab state.

THE BRITISH pulled out six days before the deadline set in the 1954 British-Egyptian treaty. The Egyptians are planning a major celebration for the deadline date, June 18.

The weekly newspaper Akher Saa reported that the celebrations in Cairo and Alexandria

would be climaxed by displays of arms Egypt has purchased from the Communist bloc.

In Cairo, the paper said, "as Stalin tanks rumble on to the square, MIG jets and Byushin aircraft will streak across the skies and parachutists will be dropped from the air." Akher Saa added that MIG jets would fly over Alexandria and "newly purchased naval units"—reportedly destroyers from Poland and possible minesweepers, torpedo boats and small submarines—will be on display in the harbor.

Hoover Plan

them have been acted upon, however.

Who would have benefited chiefly from these efficiency measures, the people with large incomes or those with modest

earnings? The answer is the latter group. More than 75 per cent of personal income tax revenues come from people earning under \$8,000 a year.

In Ulster county, it is estimated, the tax saving would have come to \$83 per family. All told, it would have amounted to \$2,500,000.

This is real money that would have been available to local families for actual spending. It would have generated just that much more business for the local stores and that much better living for each family.

Pressure on Congress and the Government is generating from below to take action on the Hoover Commission proposals now.

Auto makers expect America to have 75 million cars and trucks by 1970.

Ellenville	0	2
Dobler Beer	0	2

Kingston Eagles set an all-time City Baseball League record of eight stolen bases in one inning, as they crushed Dobler Beer, 12-4, for their first victory of the season yesterday at the Athletic Field.

The Eagles collected four hits of starter Bill Costello in the first inning. There were a couple of walks and some Dobler miscues. And the winners ran riot on the basepaths.

BOB LYONS and Chuck Engle with a single and double apiece were the Dobler stars.

Jones Dairy faces the Saugerties Whiz Kids in the first major skirmish of the season today.

Clark Maines and Jim Mackey are the probable pitchers. Game time is 6:15 p.m.

ELEMENTARY SCHOOL TITLEHOLDERS—School No. Four won the city elementary school football championship in a playoff between the uptown and downtown schools. In the finals they defeated George Washington School for the title. Russell F. Cunningham, physical education teacher, directed the team. R. H. Van Valkenburgh is the school's principal. Members of the team are: Kneeling (l. to r.) Horace Walker, Paul DeGraff, Jack Lewis, Charles Cecelia, Harmon Wheeler and Robert Hatcher. Standing: Thomas Fine, Peter Fiore, Kenneth Shite, Ralph Dachenhausen, Kenneth Krum and Anthony Secreto. (Freeman photo)

Which Club Will Fold? June Push Expected to Topple One of Contenders in NL Race

Team Raps 3183
B. Ferraro Cracks 699

Buster Ferraro socked a 699 triple and his Starlight Hotel teammates joined in the strike spree to rack up a 3183 series in the men's summer classic at the Bowlodrome.

Buster reeled off games of 222, 234 and 243. The Starlights slammed 1004, 1106 and 3183.

Don Sackler fired 211-202-604, Tom Amate 227-203-615, Ed Auclair 528, Whitey Crispell 514, Paul Khederian 210-524, Frank Passer 515, Cliff Davis 219-550, Joe Ausanio 203-540, Ralph Garafola 514, Clifton Quick 518, John Ferraro 513, Larry Peterson 519, R. Felton 529, Tom McGrane 209-516, Joe McGrane 214-574, George Shufeldt 205-512, Fred Ferraro 237-570, Charlie Manfro, Jr., 202-544, John Ferraro Jr. 560, Harold Broskie 530.

Service Teammates
Dick Groat, Pirate shortstop, and Jack George, guard with the professional Philadelphia Warriors, were teammates on Ft. Belvoir basketball and baseball squads.

Redbirds Gain Eastern Lead After Long Haul
(By The Associated Press)

The Allentown Redbirds have climaxed their upward drive from near the Eastern League cellar.

The 1955 playoff winners, who were in seventh place on May 22, moved into first place last night as they put down the last-place Johnstown Johnnies 6-0 at Allentown.

Pitching has been the key to the climb. Dick Ricketts, who joined the club late, got his fourth victory without a defeat on Monday. But Marty Kutyna, who spaced out seven hits in last night's shutout, has been the real power on the mound. He now has a 8-1 record.

Allentown was aided in its cause by the Albany Senators, who broke an eight-game losing streak at Binghamton and downed the Triplets 6-4. Binghamton had held a percentage-point lead.

The Williamsport Grays edged the host Reading Indians 2-1 and the visiting Schenectady Blue Jays sank the Syracuse Chiefs 8-6 in the other games.

BY ED WILKS
(By The Associated Press)

One of those clubs in the National League race is prime for a pennant pushoff in this hectic month of June, but which one?

Pittsburgh? The Pirates are still hot, winning seven of the 12 games they've played this month. But so have the Cincinnati Redlegs.

Brooklyn? The world champions are looking real healthy, winning eight of 13 since June opened. But that's nothing compared to the Chicago Cubs. They've won nine of 12.

IT'S BEEN A confused month so far. The lead has changed hands three times in 12 days. Pittsburgh has a half-game edge at the moment, after knocking the Redlegs into second with a 4-3 decision last night.

The Dodgers kept edging toward the top, banging St. Louis 6-4 and dropping the Cardinals, who have lost seven of 13 this month, to fourth. Chicago, hustling out of the cellar in its hot streak, knocked New York loose from sixth place by whacking the Giants, 4-11 for June, 8-5.

Milwaukee, in first May 31, is a solid fifth at the moment, losing its ninth in the last 12 in a 5-2 pasting by Philadelphia, which has lost eight of 12 in June to wind up in the basement.

The American League race is easier to figure. The New York Yankees are 4½ games to the good after making it 6-out-of-6 against the third place Chicago White Sox 4-2. Runnerup Cleveland was beaten at Boston 9-7. Detroit beat Baltimore 8-1 to regain fifth from the Orioles. Kansas City broke out for six runs in the 15th inning to take Washington 9-3.

A PINCH TWO-RUN homer by Jack Shepard and a followup two-run smack by Roberto Clemente hoisted the Pirates back into the lead.

The Dodgers, eight points back of Cincinnati and 20 behind Pittsburgh, scored the clincher against the Cards on an error—the 13th unearned run the Brooks have counted in their last four games with St. Louis. Carl Erskine, who had lost six straight since his May 12 no-hitter, won in relief, but needed relief help himself in the eighth from Clem Labine. Murry Dickson lost it, giving up Duke Snider's 14th homer with a man on in the first. Ken Boyer and Bobby Morgan homered for the Cards.

Monte Irvin, the ex-Giant, batted in four runs in a pair of three-run Cub innings that beat New York. His homer tied it at 3-all in the fifth. Then he tied it again with a double and came on to score the lead run in the sixth.

Willie Jones homered with a man on as the Phils scored five unearned runs in the fifth at Milwaukee to beat Bob Buhl.

ANDY CAREY drove three Yankee runs home, with a home run and one of his two singles, while Whitey Ford kept the White Sox hitless until the seventh, when they bunched their four hits—all singles—for two runs.

Boston uncorked five runs in the seventh on Ted Williams' RBI double that tied it 5-all, a three-run homer by Ted Lepico and a solo poke by Pete Daley.

Billy Hoelt won his seventh, chipping in a two-run double in Detroit's six run eighth. The Orioles made five errors, and only three of the Tiger runs were earned. Al Kaline batted in two with three singles.

A double by Enos Slaughter and a single by Mike Baxas scored the clincher for the A's, who then added five more in the big 15th. Three of them scored on a triple by Harry Simpson, who earlier homered.

Grapes grown in California account for 85 to 90 per cent of all American-made wines.

Wehle Resigns!

Albany, June 13 (AP)—Conservation Commissioner Louis A. Wehle resigned today under fire as a result of his charges of "gross negligence today or sabotage" by Conservation Department personnel.

Wehle's resignation, ending an often stormy 17 months in office, was announced by Gov. Harriman, who promptly cancelled Wehle's charges by an outside group of conservation experts.

HARRIMAN named Deputy Commissioner Mahoney as acting commissioner and said Mahoney would conduct an investigation and report to the Governor.

The Governor's office made public Wehle's letter of resignation, in which the commissioner said he felt "no individual or group will benefit" from an outside investigation.

"Instead," Wehle continued, "the administration and morale of the department would suffer. So would the program in which you and I so fervently believe."

Wehle told Harriman he was resigning primarily to conserve his health in order to carry out his role as a delegate to the Democratic National Convention. He said he was pledged to Harriman's nomination for president.

HARRIMAN replied that he was accepting "with real regret." The Governor said "I appreciate the hard work that you have done in the interests of the sportsmen of our state."

Wehle, 66, a wealthy native and resident of Rochester, where he operates a brewery, took over as conservation commissioner Jan. 1, 1955.

Earlier this month he kicked off a raging controversy when he charged that personnel of the department's game bureau were guilty of "gross negligence or sabotage" in connection with an outbreak of botulism, a bacterial poisoning, that killed an estimated 15,000 pheasants on a game farm at Grenadier Island in Lake Ontario last summer.

The Great Salt Lake in Utah and the Dead Sea both are saltier than the oceans of the world.

Form Reversal
Rochester (NEA)—The Chicago Hamm's drop from 1,085 to 884 was one of the biggest form reversals by a famous team in American Bowling Congress Tournament history.

Leatherneck Star
Hal Naragon, Cleveland Indian catcher, caught for the Quantico Marines in 1952-53 and led the Leathernecks to the All-American championship the second year.

SPORTS

Charles J. Tiano

Fabulous Oak Hill Country Club of Rochester spent more than \$100,000 to revamp its east course for the United States Open that gets under way tomorrow.

Robert Trent Jones, the master golf architect who toughens Open layouts for the United States Golf Association, did the hatchet work at Rochester.

Jones added strategic traps (240 or so off the tees) to the 6,902-yard, par-70 layout, lengthened some holes and removed about 125 "nuisance traps" some 175 yards from the tees. This kind bothers only the poor weekend hacker.

Robert Trent Jones is high on the Oak Hill course and thinks the trees lining the fairways will be a greater hazard than the cypress trees at last year's Open site at the Olympic club in San Francisco.

There has been some disagreement among the big names pros on the toughness of Oak Hill. Ben Hogan said it was "one of the easiest Open courses I've ever played." Of course, Hogan, seeking an unprecedented fifth Open title, said his game was "pretty rotten."

"That's Ben," dourly said one of Hogan's long standing rivals. "He's talking about how easy the course is so they'll toughen it. He knows he has a better chance on a tougher course."

Defending champion, Jack Fleck, thinks Sam Snead, who has won every other major golf title in the world, might conquer a lifetime frustration and win his first Open. "It's a wonderful course," said Fleck. "This course is built for Sam Snead. He can hit all out and, if he's putting he'll be hard to beat."

Oak Hill is a 36-hole layout that ranks among the finest in the country. It requires an extraordinary amount of equipment and labor to keep a course like that in tip top shape.

In preparation for the 1956 Open, all fairways were fertilized in the fall of 1955 with 1,000 pounds of Milorganite to the acre. All fairways were treated with Buyl Ester 40 per cent and other chemicals to control chickweed and broadleaved weeds. All fairways were aerified in the fall and the process was repeated this spring.

Oak Hill operates six golf course tractors, 1 Fordson roller tractor, a dump truck, a 2-ton flat rack truck, a jeep, two pick-up trucks, a ball picker with tractor, a hydraulic spraying rig with a 25 gpm pump at 600 pounds pressure with 500-gallon tank mounted on a truck chassis complete with a 20 foot spray boom.

There is more: a trailer-mounted mist sprayer, 2 scooters, 3 tractor-drawn 7-gang mowers for fairways with 16 foot cutting swath, 3 tractor drawn 5-gang mowers with 11 foot cutting swath for roughs, a tractor equipped with bombardier cats front end loaders and a grader at the back, 3 triplex mowers with 74 to 85 inch cut, 9 power green mowers and 10 other mowers, greens and fairway aerifiers, a Verticut, a Rover compost shredder, 1 large and 1 small rotovator, 2 fertilizer distributors for fairways and 2 for greens, a power seed cutter, 2 snow plows and, of course, many hand tools. The course has a fully equipped shop in which most of the equipment is serviced.

The foregoing sounds like something culled from the logistics chart of an Army unit. It's just an idea of what a tremendous operation a 36-hole golf course really is.

Indians	2	3
Dodgers	1	4

Ulster Hose Dodgers picked up their first Town of Ulster Little League victory after four straight losses by trouncing the Business Men's Indians, 5 to 1.

Ralph Hall and John Kelly combined for a five hitter. Kelly struck out six and belted a triple.

CLARENCE Kaiser and Mike Miggins allowed five hits, one of them a double by Joseph Goldsbaugh. Lee Metrick, Hall and William Gaddis had the others.

Gerald Woodvine doubled and singled for the Indians. Hall and William Palen accounted for the others.

The score:

Sprint Car Races
Set for Mid-City

Sprint car racing will share the spotlight with the usual stock card Saturday at the Orange County Fair Grounds in Middletown.

Victory Speedways has arranged for some of the top sprint chaffers on the Eastern seaboard to compete. Included are such top-flight drivers as Lou Johnson of Wilmington, Del., last year's United Racing Car champion, Bert Brooks of Patterson, 54 champion, Buddy Powers and Frank Concannon of Philadelphia, Mike Sam Felice of Morristown, Pa., Bobby Courtwright of Ramsey, N. J. Eddie Gallion of Schenectady and Chuck Arnold of Hartford, Conn. Last Saturday's races were washed out after the consolation derby. They have been rescheduled for June 23 making that night's racing a double feature program.

Ott and Frisch Disagree
On Mantle's Potential

Baltimore, June 13 (P)—No wonder baseball fans get into constant arguments. Even two of the game's greatest hitters, Mel Ott and Frankie Frisch, don't see eye to eye.

Take the hottest question today, whether Mickey Mantle of the New York Yankees has a chance to break Babe Ruth's home run record of 60 for one season.

"I doubt it," says Ott. Only Ruth and Jimmie Foxx hit more homers than Ott in their careers.

"Sure, he has a good chance," said Frisch. He didn't hit them far but he averaged 316 and like Mantle, was a switch hitter with the Giants—same team as Ott—and the St. Louis Cardinals.

OTT THOUGHT that universal use of the slider pitch, a development of the last 10 or 12 years, was one of the most influential in baseball since he played in a 22-year career that ended in 1948.

"Ted Williams claims it has taken 15 points off his batting average," says Ott.

"We used to call it the 'Nickel Rocket Curve,'" said Frisch disparagingly (the nickel rocket was a cheap baseball in which the stuffing was quickly knocked loose.)

"It's become a society thing. You know, if you don't have it, you don't belong. Pitchers now talk about the half slider, the three-quarter slider and the five-eighths slider.

"Catchers now have to be a graduate of an engineering college."

Needles and Career Boy Hold
Key to Saturday's Belmont

New York, June 13 (P)—Two tarty horses, Needles and Career Boy apparently hold the key to success or failure in the 88th running of the famous Belmont Stakes Saturday. That seemed to be the general impression to-day as a field of about eight

shaped up for the \$100,000 gallop for 3-year-olds.

Needles, the Florida-bred pride of Bonnie Heath and Jack Dudley, and C. V. Whitney's Career Boy, usually lay so far back off the pace that they seem to be in another race. They'll be back there dawdling again in the mile and one half "test of the cham-

pion."

IN THE 17-horse Kentucky Derby field May 5, Needles came from 16th to run down the Calumet Farm's Fabius with a brilliant stretch dash. Career Boy,

recovering from a foot injury, moved up from 15th, finishing sixth.

Two weeks later Fabius held off the late rush of Needles, and won the Preakness, a race Career Boy skipped. The Derby is a mile and a quarter, the Preak-

Negro Golf Ace
Has High Hopes
For Open Crown

Rochester, June 13 (P)—Ted (Dusty) Rhodes, who broke the color line in big-time golf and taught Joe Louis how to swing a club believes he has a good chance to become the first Negro to win the U. S. Open championship.

"If I had to pick anybody it'd have to be me," the lean ex-caddy from Nashville, Tenn., said today with deadly seriousness. "I'm hitting that rock mighty good. I got a big chance."

Rhodes, 42, seven times national Negro champion, is here for the 56th Open championship which starts Thursday. Rhodes led the qualifying in the tough Chicago area with 72-68-140 at Medinah.

This is his second open. He played at the Riviera Country Club in Los Angeles in 1948, finishing in a tie for 51st in the tournament won by Ben Hogan with a record 276.

ness distance a mile and three-

sixteenths.

This Belmont promises to be a slam bang struggle, and judging from times clocked in workouts—as well as recent races—they might threaten the stakes record of 2:28 1/5 set by Count Fleet and equalled by Citation. The track is that fast.

Mrs. A. B. Shufeldt Captures
Twaalfskill String Tourney

Mrs. A. B. Shufeldt scored a net 42 to win the nine-hole Ladies Day "string tournament" yesterday at The Twaalfskill Club.

Mrs. Cennith O'Reilly was runnerup with a net 43 and Mrs. Burton Davis carded a 44.

Other scores were: Mrs. Elbert MacFadden and Mrs. Edward Minasian, 45; Mrs. George

Schneider 48, Mrs. John D. Schoonmaker Jr. 49; Mrs. Albert Flanagan 51, Mrs. N. Levan Haver 52, Mrs. Charles O'Reilly and Mrs. Charles J. Turck 53; Mrs. Mixter 56 and Mrs. Robert Umpleby 58.

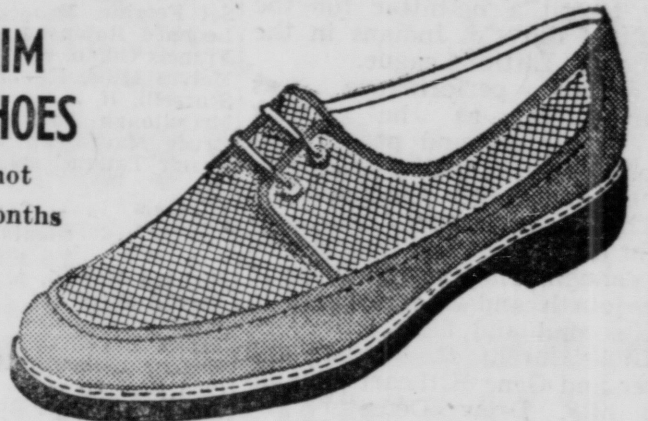

In the "string" tournament each player receives a foot of string for each stroke of handicap and may use it anywhere on the course.

Tonight's Game

Yankees vs. Braves at East Kingston

Mike Celuch fashioned the first no-hitter in the Glasco-East Kingston Little League this season as he throttled the Giants for the Dodgers, 7-0, last night at Glasco.

Celuch's masterpiece was the second twirled in the area this year. Just yesterday Bill Murphy tossed a no-hitter for the Shults Paint Co. Indians in the National Little League.

Celuch's performance was near-perfect as he struck out 15 batters and passed just two. He was handled brilliantly by catcher Roger Lindhurst.

The Dodgers got two runs right off the bat and that proved enough. They scored three in the fourth and solo markers in the second and fifth.

Dick Morelli, the starter and loser and Gene Kithcart gave up six hits. Drew Demeter and Celuch got a pair each and Lind-

hurst and Leonard Robinson the others. Of the blows, half were doubles by Celuch, Demeter and Lindhurst.

THE STANDOUT player for the Giants was James Davide who shone behind the plate and at shortstop.

The win moved the Dodgers (4-1) further ahead in the race. The Giants now are 1-3.

Rose Bowl Game Pact Extended

Los Angeles, June 12 (AP)—The Pacific Coast Conference and the Pasadena Tournament of Roses have agreed on a continuing contract for an indefinite term for the annual Rose Bowl football game, it was announced today.

The same announcement disclosed the conference and the National Broadcasting Company have agreed on a similar arrangement for radio and television rights for the game.

A committee statement was issued jointly by John Davidson, Tournament of Roses president; Commissioner Victor O. Schmidt of the PCC and John West, NBC vice president.

The term of the "open-end" contracts is similar with those now in effect, except there is no termination date.

Financial terms of the radio and television deal were not divulged.

Thursday's Game

Indians vs. Braves

A big five-run fifth inning added up to a 6-3 win for the Canfield Electric Braves over the Hiltbrand Dry Dock Co. Pirates last night in the National Little League.

It was the first win for the Braves in three starts and the Pirates third straight setback.

BOTH TEAMS scored in the first and the Braves went ahead in the third with a pair. The fourth frame barrage then settled the issue.

Bill Reid paced the Braves' eight-hit attack with a triple and single. Tony Spada and Bob Jaenisch chimed in with two-baggers and Pete Tartazski stroked two singles.

The Pirates also got eight safeties, but only one was an extra base hit that a double by Leroy Hatcher. Roger Colao and Frank Bonavita had a pair of one-basers.

DUANE BAXTER struck out nine and walked three in posting the win. Horace Walker, the loser, fanned 10 and passed three.

In Thursday's game between the Indians and Braves, a collection for the Polio Fund will be taken. All donations will then be sent to the March of Dimes.

Jerry Kaplan, rf	3 0 1	T. Carpio, p	4 1 1
Don Wolf, 2b	3 0 1	J. Massucco	1 0 1
Totals	31 8 10		

Joe Fautz hammered a double and homer and Andy Murphy scattered nine hits effectively, as American Legion thumped Cedar Rest, 8 to 2, in the Recreation softball league.

Harry Van Wagenen, the losing pitcher, was tagged for 10 hits.

Hercules battled into extra innings to shade Rapp's Express, 9 to 8, after blowing a 8-3 margin when Rapps scored five runs in the seventh.

PINCH HITTER Joe Massucco singled home the winning marker with two out in the bottom of the ninth.

George Heddy slapped a homer and single and Angelo Corrado rapped a double and singleton for the Legion. George Brinkman and Harry Van Wagenen had a couple hits each for Cedar Rest.

Vince Clearwater was the big hitter for Hercules with a double and three singles. T. Higgins hit a single and double and M. Miegel had a pair of singletons. Vince Hart had two solos for Rapp's. Al Short and Jeff Brannen rapped triples.

Eagles Nip Wrens, 7-1

Spurging for seven runs in the fifth inning the Eagles came from behind to clip the Wrens, 9-8, last night in the Jaycee Little League.

The Wrens held a comfortable 7-2 lead going into the fatal round, but the Eagles climbed all over Jack Dekoskie to pull out the decision. Strangely enough, Dekoskie was nicked for only three hits in going the route.

The Eagles used three pitchers with Bob Galamidi getting the win. He was backed up by Bruce Terwilliger and Dick Murphy.

Dekoskie got three hits, half his team's total, including a double. Jack Flanagan banged a triple for the winners.

Galamidi struck out 13 and walked 8. Dekoskie fanned 11 and passed 5.

Kruszenski Has 0-Hitter In CYO

Don Kruszenski was pretty much the whole show as Immaculate Conception of Kings-

drubbed St. Peter's B of Rosendale, 12 to 3, in a CYO Midget baseball game.

Kruszenski pitched hitless ball for five innings, struck out 14 and walked seven. On offense, he furnished a couple of triples.

Kruszenski's wildness in the second inning enabled St. Peter's to score three runs without the benefit of a base hit.

T. Gill and J. Komosa also had two hits as Immaculates col-

lected nine off J. Einemann.

Gardiner

Gardiner Vols Plan

Annual Fair July 6-7

Gardiner, June 12—The annual fair of Gardiner Fire Department will be held on the evenings of July 6 and 7 according to an announcement at a recent meeting of the company.

The new committee formed to handle assignments and formulate policy announced that there would be no admission charged and plenty of free parking space.

Town Notes

Gardiner, June 12—Reformed Church, the Rev. Kenneth Cordes, pastor—Worship service, 10 a. m. Sunday school, 9 a. m. Youth fellowship, 7:30 p. m. The Dutch Daughters will meet at the home of Miss Eleanor Dommies Wednesday, June 20 at 8 p. m. Last Sunday the Rev. Mr. Cordes conducted the service at Wallkill Prison in the absence of the Rev. Walter Van Popering of Wallkill.

Mrs. John Cordes of Titonka, Iowa is a guest of her son and

daughter-in-law, the Rev. and Mrs. Kenneth Cordes.

The Ladies' Auxiliary of Gardiner Fire Department will meet at the firehouse Monday at 8 p. m. Hostesses will be Mrs. William Sumnick and Mrs. Lawson Upright. No meetings will be held during July and August.

Forest Glen Home Demonstration unit will have its annual luncheon at Holiday Inn, West Shokan Wednesday, June 20 at 1 p. m. After the luncheon they will visit Mrs. Agnes Vonder Driesch-Bitterman, who will show them her display of weaving.

Miss Vivian Schiro, daughter of Mr. and Mrs. Anthony Schiro was graduated, cum laude and awarded a Bachelor of Science in Commerce Sunday from State University of New York College for Teachers at Albany. A graduate of New Paltz High School, she was elected to Who's Who Among Students in American Colleges and Universities and served as treasurer and secretary of the class of 1956. Miss Schiro is a member of Chi Sigma Theta, social sorority and Pi Omega Pi, national honorary fraternity. She will join the faculty of New Paltz Central School in the fall as a high school business education teacher.

A daughter was born to Mr. and Mrs. Albert Ganzer at Kingston Hospital Saturday. Mrs. Ganzer is the former Marig-

an Petersen of Gardiner. Mr. and Mrs. Lewis Jayne spent a few days this week with their daughter, Mrs. Ivan Tether at Barryville.

Mr. and Mrs. John Bernard of Binghamton were weekend guests of Mr. and Mrs. Myron

Wells. While here they visited his brother, Abram Bernard, who is a patient at Kingston Hospital.

Miss Grace Boland of Thiells was a weekend guest of her sister and brother-in-law, Mr. and Mrs. Lewis Denton.

If you're brunette, stay away from hats in dark colors. Try the bright colors as contrast to your dark hair.

Fall's furry beaver hats come in lush colors, give real dash to a suit in black or dark gray.

Amazing economy. If you can't come in, phone or write me and I will come to your home for a test without cost or obligation.

JACOBY
ON BRIDGEOne Risk Nets
Seven Spades

BY OSWALD JACOBY
Written for NEA Service

How should you play the South hand at a contract of seven spades? West leads the queen of hearts, and you win the first trick in your own hand with the ace. Plan the whole campaign before you read on. The correct play is a good exercise in timing.

At the second trick, you lead out the ace of spades to make sure that the trumps aren't all in one hand. When both opponents follow, you breathe a little easier and cash the ace of clubs. An immediate club ruff must be risked, but this is your last risk.

You continue with a second round of trumps to dummy's queen. Next you cash the king of hearts, discarding from your hand the king of clubs!

The next step is to lead a low club from dummy and ruff with the jack of spades. You return to dummy with a trump to the king, drawing West's last trump. You next ruff another low club with your last trump, thus establishing dummy's long suit.

The rest is, of course, easy.

		NORTH		13

7 ♠	Pass	Pass	Pass	
Opening lead—♥ Q				

You cash the ace of diamonds, ruff a diamond in the dummy, cash the queen of clubs, and take the rest with established low clubs.

It's easy to see that the correct line of play is to set up dummy's clubs rather than your own diamonds. It is necessary also to provide against a 4-1 break in clubs. If you draw trumps before touching the clubs, you can't get to dummy often enough to ruff a club and then run the rest of the clubs.

Textured cotton knits go into fall in vivid fall colors. These wash and keep their shape (not yours).

You simply gotta . . .

HOUSEWIVES!

Here's how you can earn
EXTRA CASH!

Do you have trouble stretching the family budget far enough to cover all the day-by-day necessities—food and clothing bills, medical expenses and all the rest—no matter how much you pinch pennies?

Do you get discouraged trying to save up for the things you've dreamed of, but could never quite afford—like the going-to-college fund for the youngsters . . . or that new car . . . or that extra-special vacation trip?

Then here's news about an opportunity that might be just right for you.

The telephone company offers married women high-paying, temporary employment as operators right here in Kingston.

- No experience is necessary. You earn full pay while you learn.
- During a six-month period, you might earn as much as \$1,500. That includes \$1,222 for base pay plus overtime pay, time and a half for Sunday, extra pay for evenings.
- There are lots of other real advantages, too. You'll work with folks you'll like—folks from around Kingston, neighbors and friends.
- What's more, it's an interesting job, and of real importance to the community.

Find out the facts today. Just call Betty Jane Clancy, Kingston 9900. Or drop in at the employment offices of the New York Telephone Company, 775 Broadway, Kingston, New York.

CAP MOBILE SUPPORT UNIT—Members of the Kingston Civil Air Patrol are shown with new mobile support unit recently purchased through funds donated to the local squadron by the Ulster and Sullivan Counties Building and Construction Trades Council. (l-r) Cadets James Priest, Barry Willard, Christopher St. John and Lt. Wesley Hogan. Capt. Sidney Lane, commander of the Kingston Squadron, has committed the mobile unit for Civil Defense purposes in case of enemy attack or natural disaster such as the floods of 1955. (Civil Air Patrol photo).

Most of U. S. Under Hot, Humid Weather

(By the Associated Press)
Most of the nation continued to suffer in unseasonably hot and humid weather today.

Early morning temperatures were in the 70s and 80s from the Plains states eastward today after readings of 90 and above yesterday. A cool front moved into the northern plains but little relief was expected east of the Mississippi river, where more hot and humid weather was forecast with scattered afternoon and evening thundershowers.

Chicago had 97 yesterday, the hottest June 12 on record. Other high temperatures included Fargo, N. D., 99, El Paso, Tex., 98, Milwaukee and Minneapolis, 95, Des Moines, Denver and Kansas City 94, Boston 91, Cleveland 90, Washington and Philadelphia 88, and New York 86.

To Ask Rail Boost

Washington, June 13 (AP)—Eleven non-operating unions have decided to ask the nation's railroads for a 25-cent per hour wage boost for some 700,000 rail workers. Notices of the wage increase demand have been prepared to file with the railroads in the next few days. Announcement of the wage demand was reported to have been made by George Leighty, president of one of the unions, the Order of Railroad Telegraphers, at that union's current convention at Montreal.

Union Center

Union Center, June 13—The recessed school meeting of District 4 will be held Tuesday, June 19, at 8 p. m.

All persons are urged to attend. The closing exercises of the school will be held June 21 at 7:30 p. m.

The nuthatch is the only tree-climbing bird that climbs down the trunks of trees head first.

Excavation . . .

Just then the earth moved. Marie screamed and grabbed another sister, Dolores. The cascading sand swirled around her ankles and sucked off her shoes, but the two girls escaped.

A post office employee heard the screaming and arrived in time to pull out nine-year-old Anatole Bykov alive, but seriously injured. Marie pulled a fire alarm box. Soon the pit was swarming with police and fire rescue workers. The six children were pulled out soon, but they could not be revived.

Frantic parents and relatives poured down from the surrounding tenements. A grandmother comforted Marie on the sidewalk above the hole. She heard a wailing cry from the mother, Mrs. Theresa Stanikunas, as her children, Michael, 10, and Lorraine, 5, were uncovered.

"Don't look. Don't look," the grandmother told Marie, turning her away. "Which one?" she called down.

"Both," came back the cry and the family burst into wild sobbing.

Another mother, in her frenzy of grief, beat her head against a wooden fence.

The other dead children were John William McKenzie, 9; John T. Kotov, 7; Anna Ortiz, 8; and Louis Nitti, 6.

The injured boy was taken to Greenpoint Hospital with a broken arm and other injuries. He was reported in fair condition today.

At least two other children apparently escaped the avalanche and scampered home.

Police emergency trucks, fire apparatus and ambulances crowded down a ramp into the excavation. A gang of 25 firemen began shoveling aside the heap of sand underneath the wall.

For three hours they worked as the shadows deepened and searchlights lit the scene with an eerie glow. Around the rim of the pit thousands of persons stared down silently.

Midway through the evening a huge crane was wheeled down to the spot to sift the earth again with a digging bucket as a precaution, but no more bodies were found.

The Stanikunas family had been planning to move to Long Island tomorrow to escape the blighted neighborhood near the foot of the Williamsburg Bridge.

Dies in Plane Crash

Valdosta, Ga., June 13 (AP)—First Lt. Charles R. Walzer was killed and his radar observer critically injured when their jet interceptor crashed and burned yesterday shortly after taking off from Moody Air Force Base.

The crash was the first of two involving jet planes from Moody AFB. Walzer is survived by his widow who resides in Valdosta, and parents, Mr. and Mrs. Clarence C. Walzer of Akron, Ohio.

Two Drivers Are Held on Charges

A driver was arrested early today on a charge of speeding and another was held on two vehicular charges last night.

Raymond Peter Snyder, 18, of Route 1, Box 350, Kingston, was arrested by Officers Joseph Keller and Floyd LaForge on Albany avenue near Foxhall at 11:50 p. m., on a faulty muffler charge and for allegedly having no proof of insurance. The case was adjourned until Thursday when he appeared today before City Judge Raymond J. Mino.

Robert J. Ruede, 19, of 1353 Seventh avenue, Watervliet was arrested on Albany avenue at 2:58 a. m., by Keller and LaForge on a charge of speeding. His case was put over pending investigation of another possible previous charge against him.

John MacDonald, 17, of 155 Elmendorf street, who was arrested Sunday on a charge of operating a vehicle after dark on a junior operator's license, was fined \$10 today. He was among three picked up Sunday on the same charge. The others paid similar fines Monday.

President Has

detailed questions relating to Eisenhower's condition. "Why the hell don't you wait until tomorrow?" he demanded at one point, when asked how long Adenauer would remain with the President.

At another point, when asked about reports the President is highly annoyed by the drainage tube running through his nostrils into the intestinal tract, Hagerty exploded that he has said "16,000 times it isn't comfortable." He asked what else reporters would expect him to say.

THESE MOMENTS of irritation were exceptional, however. Hagerty spent most of the news conference telling what the President had done and how he had done it.

He said Eisenhower signed the papers—and also approved, but did not sign, six telegrams—while sitting up in a bed with a hospital table across his middle. The President was wearing light tan pajamas.

Eisenhower conferred personally on legislative and other matters with his chief aide, Sherman Adams; his special counsel, Gerald D. Morgan; and the White House staff secretary, Col. Andrew J. Goodpastor.

THE PRESIDENT took his morning walking exercise before the staff conference. The 8 a. m. EDT medical bulletin added that the President, four days after his intestinal operation, still is being fed through the nostrils into the intestinal tract.

Today's first medical bulletin, issued by Maj. Gen. Howard M. Snyder and other attending physicians said: "The President had a fairly comfortable night."

Births

The city registrar recently recorded the following births:

June 5—Richard Thomas to Mr. and Mrs. Donald James Wood, 17 Reynolds street; Roger Timothy to Mr. and Mrs. Harry Edwin Snyder, Cottekill; and James Arthur to Mr. and Mrs. Gene VanWinkle, Route 4, Box 361, Kingston.

June 6—Mark Louis to Mr. and Mrs. Vincent R. Guido, Route 1, Box 176-A, Kingston; Lorna June to Mr. and Mrs. Edward Leo Smedman, 62 Grant street; Debra Denise to Mr. and Mrs. Wilfred Christopher Sutton, 172 Wall street; Paul to Mr. and Mrs. Ralph Mitchell, 193 O'Neil street; and Richard Vincent to Mr. and Mrs. Edward Henry Hicks, Route 2, Saugerties.

If you sell air conditioning units, now is the time people looking for air conditioning begin looking in the Freeman classified for their name. Phone 5000 today and start your ad. 3 lines for one month \$8.25.

Democrats Blame GOP in Speeches On Dairy Problem

Poughkeepsie, June 13 (AP)—Democratic State Chairman Michael H. Prendergast accuses the Republicans of "milking" New York state's dairy farmers during the 12 years of GOP control of the state administration from 1943 through 1954.

Addressing a Dutchess county Democratic dinner last night, Prendergast also said Republican State Chairman L. Judson Morhouse has displayed "little understanding" and "much lack of information" in recent comments on dairymen's problems.

New York Mayor Robert F. Wagner, another speaker, said the Republicans have failed to carry out their promises to the dairy farmers.

APPEALING FOR Democratic votes upstate, Wagner said the Republicans have tried unsuccessfully for years to split Democratic New York city from

predominantly Republican upstate. Wagner said that in his visits around the state he has found communities of all sizes facing similar problems, including housing, transportation, other services and schools. "New York city can only be prosperous if upstate New York is prosperous," the mayor said. The sand of Bermuda's beaches is pink-tinted ground coral.

Bankers Convention
Irving L. Eyles, executive vice-president of the Roundout National Bank, and Adrian Kaplan, a director, leave this afternoon for Spring Lake, N. J., where they will attend a convention of the New York State Bankers Association. The convention opens Thursday and will continue through Saturday.
